Police Called Out To Avert Clash In Chinatown

PAN-AMERICANS WISH CANADA TO SIGN AIR PACT

Statement Made at Havana Conference Aviation Treaty to Be Drawn Up by North and South American Nations Incomplete Without Signature of This Country; Intimation Given at Ottawa Government Unlikely to Make Formal Move to Join Pan-American Union

Havana, Jan. 19 (Canadian Press)—The Canadian Press correspondent here understands a majority of the Latin-American countries, especially Argentina, Brazil and Chile, are favorable to Canadian participation in the Pan-American Union Conference, now in session here. Several delegates unofficially said the commercial aviation treaty, one of the most important questions before the conference, would be incomplete without the signature of Canada. Some of the delegates suggested Canadian participation in the framing and establishment of a Pan-American flying treaty would be the first step toward membership of Canada in the Union.

Latin-American members generally see no obstacle to Canadian participation, more especially since it is suggested by some that the commercial aspect of the union now predominates over the political. The South American delegates interested in the attitude of the Dominion are plainly awaiting the first step by Canada.

The conference now being held here is the sixth of the Pan-American Union at a number of years.

Three More Planes For B.C. Station

Montreal, Jan. 19.—Three Avro 504-N aeroplanes for the Royal Canadian Air Force have left Montreal in box cars for delivery at the Vancouver air station.

These planes form part of an order for twelve. The Avro is designed to be flown from the airfield or snow by the lifting of either wheels, floats or skis.

Colored Man Is Hanged at Halifax

Halifax, Jan. 19.—Louis Jones, colored, was hanged here this morning for the murder of his wife, also colored, in September 12 last.

Mrs. Alice Jones, twenty-nine, was shot down and instantly killed on the sidewalk in front of her boarding house at 71 Maynard street here early on the night of September 12 last. Her assailant disappeared. The police immediately instituted a search for Jones. After a five-hour hunt, Jones was found at Africville, a colored settlement in the north end of the city.

At the subsequent trial the defence was based upon an assumption that Jones committed the murder while temporarily insane over alleged infidelity of his wife.

SWEDEN SUGGESTS NEW PEACE PACTS

Geneva, Jan. 19.—With Great Britain actively advocating more agreements along the lines of the Locarno Pact, security which Great Britain has defined as the desire of countries to minimize their risks of armed conflicts, as become a topic of discussion, because Sweden, like Britain, has forwarded her ideas on the subject to the League of Nations.

BEFORE WORLD COURT

The Stockholm Government has submitted the draft text of a collective agreement of conciliation and arbitration based on the principles of the Locarno agreements. In the Swedish draft, the World Court of Justice or some other arbitral tribunal plays a leading role, and if arbitral tribunals should fail to achieve their purpose, disputes would go to the League Council, as provided in the Locarno Pact.

FAVORABLE IMPRESSION

The British memorandum, which frankly voiced Great Britain's readiness to accept more extended international obligations than those provided for in the Locarno Pact, has created a good impression as indicating Britain's disposition to help nevertheless whenever possible in the tremendous task of building up security as a basis for the reduction of armaments.

H.E. TANNER INSTALLS REEVE, COUNCIL AND TRUSTEES OF SAANICH

Newly Elected Municipal Officers Sworn in at Municipal Hall

Reeve Crouch, councillors and school trustees of Saanich were sworn in at 10 o'clock this morning at the Royal Oak Municipal Council Chamber. H. E. Tanner of Ward Six-Saanich, as Justice of the Peace, administered the oaths of office.

The new municipal council is as follows: Reeve, William Crouch; councillors, Ward One, Fred Borden; Ward Two, William Graham; Ward Three, George P. Watson; Ward Four, William Stubbs; Ward Five, H. C. Oldfield; Ward Seven, George S. Eden.

School trustees sworn in were: Frank V. Hobbs, Albert E. Horner, Walter P. Jeune and Stephen J. Holland. The fifth member of the school board is trustee H. P. Thorpe, who has one year to serve.

Addressing the newly installed officers, Mr. Tanner congratulated them upon their election, and said he anticipated they would give their best attention to all questions, whether major or minor matters, and wished them a most successful year.

SESSION HELD

Following the ceremonies of installation, the council held the customary initial session, when the Victoria-Saanich beaches and parks agreement by-law was adopted. Councillors Oldfield, Hagan, Watson and Borden, with Reeve Crouch, were appointed Saanich members of the joint committee.

INTEREST RATE PROTESTED

The annual loan by-law was introduced, providing for a maximum bank loan of \$175,000. Councillor Hagan objected to continuance of the interest rate at 6 per cent, because of cheaper money, and the council will endeavor to obtain better terms.

ASSESSMENT ROLL

The assessment roll for 1928 was returned by the municipal assessor, when the council decided that the Court of Revision of the assessment roll should include the whole council, the first session will be held at the Council Chamber on February 8 at 10 o'clock.

JUDGMENT MONDAY IN MURDER APPEAL

Sentence of Death Set By Assize Judge For Week From To-day

Judgment was reserved by the B.C. Court of Appeal this morning until Monday morning in the case of George Burgess and John McKenzie, appealing against the death sentence for the murder of Otto Bosch between Mission City and Ruby Creek last summer. Date of execution is set for a week from to-day.

Alex. Henderson, K.C., answered points in the B.C. Appeal Court this morning in the arguments of A. M. Johnson, K.C., Crown counsel, particularly dealing with Mr. Johnson's submission that all the medical evidence necessary was called.

The jury, Mr. Henderson said, were entitled to hear more evidence regarding Bosch's injuries between the time he was discovered and the time he died. Mr. Henderson admitted that even though it could be proved that in operating a doctor had made a slip which caused death it would make no difference in the case if an operation were necessary. He claimed, however, that there had been a lack of this kind of evidence, but admitted he had not made the request at the trial.

"We do not contend," he said later while citing cases, "that the death was caused by the operation."

BRITISH RUGBY

London, Jan. 19 (Canadian Press Cable)—Sussex and Hampshire played a drawn rugby game in the county series to-day. The score was 16-16. The match was played at Chichester.

SCOTTISH GUARD AS HOUSE OPENS

A picked guard of the Canadian Scottish Regiment, crack militia unit of this city, will attend the opening of the Legislature, January 24, according to an announcement by Colonel Don Martyn, officer commanding the unit.

Members of the guard will be picked from the four companies of the battalion this evening at the Bay Street Armory, and will receive an issue of special equipment to-morrow night, following which they will be engaged in active preparation for the ceremony of the House opening.

B.C. FRUIT GROWERS VOTE APPROVAL OF MARKET CONTROL

Pledge Support to Board When Amendment of Act Requested

Kelowna, Jan. 19.—The Provincial Government was asked at to-day's session of the annual convention of the British Columbia Fruit Growers' Association here that if any test was made of Produce Marketing Act should it be made in conjunction with the Minimum Wage Act, which it was said could be challenged on similar grounds.

Kelowna, Jan. 19.—The British Columbia Fruit Growers' Association in annual convention here, to-day passed a resolution of warm approval of the British Columbia Produce Marketing Act and pledged support to the efforts of the members of the committee to pass such legislative amendments as they may consider necessary for effective enforcement of its provisions.

A. D. Henocott of Coldstream said the department of agriculture had proceeded with an investigation of marketing as asked for at the last annual meeting.

Kelowna, Jan. 19.—Kiddon amendment to the resolution asking extension of the area under the Market Control Act was defeated at this morning's session of the annual convention of the British Columbia Fruit Growers' Association here.

The delegates approved a resolution asking the Provincial Government to make a considerable increase in the school tax on wild lands held for speculation.

EMPIRE TRADE

G. E. McIntosh, fruit commissioner, recently returned from Great Britain, told the delegates of the change of opinion in the Old Country now in favor of stimulating intra-Empire trade, particularly as it affects food products. Standardization was essential in Great Britain, he declared, and pointed out that applies for export should be given every protection. Handling charges by brokers should not be more than out-of-pocket expenses.

AUTHORITY DECLARED LACKING

During discussion of his control amendment, Mr. Kiddon said Committee of Direction under the present act lacked authority to call shippers and hear them under oath. It had no authority over corporations, as only persons were shippers. It had no authority over transactions by retail. One of the things he objected to was that the committee was the policeman to enforce and the judge to decide questions in dispute.

Kelowna, Jan. 19.—Resolutions passed at this morning's session of the annual convention of the British Columbia Fruit Growers' Association (Concluded on page 3)

Bank of France Reduces Its Rate

Paris, Jan. 19.—The Bank of France to-day reduced its discount rate from 4 per cent to 3 1/2 per cent.

LITTLE JOE

SOME PEOPLE COAST THROUGH LIFE WITHOUT A SLED.

BRITISH PAPERS STATE VIEWS ON MALLES REPORT

London Telegraph Says Gains Following Church Union Discussion Very Slight

London Post Declares New Developments Make Debates Thing of the Past

London, Jan. 19 (Canadian Press Cable)—Some of the most prominent daily newspapers of England have not as yet published comments on the report of the Malles Conversations, made public last night.

The London Daily Telegraph, however, says the gains of the Malles Conversations may seem slight indeed compared with the effect their recital will have upon Church of England Prayer Book revision.

"Protestant apprehensions will not be allayed by discussions regarding the position of the Pope," The Telegraph says. "It may well be asked whether hopes so chimerical justify jeopardizing the better understanding lately growing among churchmen of various opinions within the church at home."

Conversations with Free churchmen have unfortunately advanced no farther than those at Malles, the newspaper adds.

The London Morning Post remarks that in other circumstances the report would have raised a storm of controversy within the Anglican Church of England, but that under the present conditions, when the New Prayer Book still presents its "rigid menace" to the Church of England fellowship, the conversations must seem comparatively unimportant, already belonging to the past.

The recent encyclical of the Pope has shut the door, as far as the Post can see, "on any present hope of reunion. The Holy See said in the encyclical that it meant, and it means, what it said," the newspaper continues.

Statements of Catholic prelates were laid down at Malles to which only the Anglican "section" would subscribe, and many things were taken for granted or admitted "which a very large body of English Churchmen would never have allowed, so to speak, to go by default."

The Yorkshire Post expresses fears that the conversations failed to carry visible unity much farther.

"There is in fact internal evidence, or at least a strong suggestion, that the Pope had the Malles report before him when he composed the recent encyclical," says The Post.

REPORT CRUISER OF CHINA CAPSIZED IS NOT CONFIRMED

Shanghai, Jan. 19.—The capsizing of the Chinese gunboat Haisien, reported in radio advices yesterday to the Pacific Coast of Canada and the United States, lacked confirmation here to-day.

Neither the British nor the United States naval squadrons received information of such an occurrence, and there was no report of it in shipping circles.

The report yesterday said all the crew had been saved.

Ashmont, Alberta, Is Scene of Fire

Ashmont, Alta., Jan. 19.—Fire which broke out at 3 o'clock this morning destroyed half this town. The following business buildings were practically wiped out, very little being saved: Coulson's General Store, Gilmore's Restaurant and Smith's Meat Market.

Eight Chinese Pirates Executed

London, Jan. 19.—An Exchange Telegraph dispatch from Hongkong to-day said fifteen pirates had been captured and were in the hands of military authorities of Pakhoi, more than 300 miles west of Hongkong. Eight were executed.

LINDBERGH LEADS IN SCHOOL BOYS' VOTE

Belleville, N.J., Jan. 19.—Hundreds of fathers in Belleville are proud. The question, "Who would you like to be if not yourself?" was asked of 600 school boys.

Col. Lindbergh had the most ballots, 263. In last place was Mussolini, and two votes were for "my dad," but the voting was secret.

COMES ON VISIT TO THIS CONTINENT

WILLIAM T. COSGRAVE
President of the Irish Free State Ministry.

The latest report from New York to-day said the liner Homer, with Mr. Cosgrave on board, would dock there late to-night, having been delayed more than twenty-four hours during the voyage from Europe. Mr. Cosgrave's tour in Eastern Canada will include a visit to Ottawa, where he will be a guest of the Federal Government at a state dinner.

CASHIER OF OREGON BANK KILLS TWO ARMED ROBBERS

Thugs Approach Teller's Cage and Vault; Banker Too Fast For Them

Two Members of Gang Make Escape in Auto; Dead Men Not Identified

Portland, Ore., Jan. 19.—Two robbers who attempted a daylight holdup to-day of the Mount Scott State Bank, in an outlying business district here, were shot dead by A. J. Demorest, cashier.

Demorest, armed with a rifle, fired from the rear of the bank when the first robber approached. Mr. H. Harris, teller, protected by an angle of the vault, he took aim and dropped the man just as a second robber carrying a gun neared the bank.

Tapping quickly, Demorest, still protected by the vault wall, fired just as the second robber was raising his revolver.

Two other men, thought to have been members of the gang, drove off in a light car.

The first bandit, on entering, approached the teller's window, crouching low, while the second man dashed around toward the vault. Demorest, acting quickly, jerked the rifle from the wall and fired through a plate glass window, the bullet piercing the first robber's head and flying through the front window of the bank. He then shot the second man.

The Mount Scott Bank was held up three weeks ago by two men who escaped with \$1,800. Only this morning Demorest, fearing another holdup, took the rifle to the bank.

WOMAN GAVE SIGNAL

Mrs. Demorest, wife of the cashier, entered the bank just ahead of the first robber. While she was walking to the door leading behind the case, the robber pulled an automatic pistol and approached Harris, ordering all in the bank to hold up their hands.

Mrs. Demorest rushed to a back room, where, by a pre-arranged plan to attract attention in case of a robbery, she crashed an ink bottle through a window.

A third member of the gang outside leaped to the window and ordered her to keep quiet.

Police believe there were six in the hold-up gang. They are tracing two automobiles.

HAD POLICE RECORDS

The two slain robbers were identified as John Robert Benton, twenty-two, and Fred Williams, thirty-two, both of whom had police records at Spokane. Benton served time at the Monroe, Wash., reformatory, having been convicted of theft of revolvers from the Spokane Armory in 1924. He had been held recently by Seattle police on hold-up charges and released there November 1, 1927.

LOOTING OF GAMING HOUSE ON FISGARD STREET STARTS RIOT

CUT IN FEDERAL LIQUOR LEVIES PREDICTED NOW

Dominion Government to Reduce Import and Excise Dues, Says Report

Plan Follows Strong Protests By B.C. Against Present Charges

Federal import duties and excise taxes on liquor imported into British Columbia will be reduced at the forthcoming session of Parliament, according to unofficial but apparently reliable advice received here. The present excise tax of \$9 a gallon on Canadian-manufactured liquor and the import duty of \$10 a gallon on imported liquor will be substantially cut, it is reported.

TAX IS BIG FACTOR

Intimation from Ottawa that this step is under consideration by the Federal Government was received with keen interest here as the Provincial Government has been working for many years to secure a reduction in the Federal levy on liquor brought into the Province for sale in Government vendors' stores. The present taxes are regarded as forming too large a part of the retail price of liquor. When a person buys a bottle of whisky in a Government shop now for about \$4, of that amount approximately \$1.50 goes to the Federal Treasury direct.

B.C. URGES CUT

While no public announcement has been made on the matter, the desire of British Columbia for a reduction in the Federal levy has been renewed recently. Ottawa reports that the federal authorities have decided to follow the recommendation of British Columbia and other government control provinces, therefore causing no surprise here. As information from the Federal Capital reached here through unofficial channels, officials would not comment on it, or on the probable result of the cut in the present taxes. A reduction would give British Columbia a greater profit on every bottle of liquor sold by the Government, or enable it to reduce liquor prices and retain existing profits if it saw fit. Until the Federal Government's policy has been announced definitely, the provincial authorities will make no decision on these questions.

BENNETT SUPPORTS LIBERAL POLICY

Economic Unity Within Empire Advocated Before He Spoke, Says D. Donaghy

Vancouver, Jan. 19.—"Hon. R. B. Bennett, during his tour through Canada, is emphasizing the advisability of economic unity between the units which make up the Commonwealth of Nations known as the British Empire, is simply adopting the past principles of the Liberal Party of Canada," declared Dugald Donaghy, former M.P. for North Vancouver, speaking at the first annual smoker of the Granoview Liberal Association last night.

"Whether he will stand by these theories when the House opens next month," said Mr. Donaghy, "remains to be seen, but the fact that he is simply backing the policies laid down by the King and Laurier Governments is obvious."

"When the House opens Mr. Bennett must do one of two things. He must go back on what he has been saying throughout Canada or he must tell his party it has been adhering to the wrong principles for a number of years. If he should do this there is no doubt it would be to the mutual benefit of Canada and the rest of the Empire, as the result of such a change of front in the opposition to the Government is self-evident."

Mr. Bennett, leading his party into the ranks of the Liberals in an endeavor to make one party in Canadian politics."

RUBBER PLANT OF RAPID GROWTH SOUGHT BY EDISON

Fort Myers, Fla., Jan. 19.—Thomas A. Edison, who is experimenting to produce a new type of rubber plant, said to newspaper reporters here to-day: "Why don't you newspaper fellows get my rubber work right? I'm not trying to compete with foreign countries. My experiments are aimed at finding a plant prolific enough to produce a rubber crop in eighteen months in time of war."

Mr. Edison has just arrived from Orange, N.J., to spend the rest of the Winter at his southern home here.

Chinese Bandits Start Trouble by Armed Raid and District Is Thrown Into Tumult of Excitement as Patrols Watch for New Outbreaks; Arrests Made in Face of Ugly Demonstrations

BANK IN MONTREAL ROBBED TO-DAY BY THUGS OF \$10,000

Threats of Death Made Against Staff By Robbers, Who Fired Shots

Montreal, Jan. 19.—Without warning, three men entered a branch of the Banque Canadienne Nationale on St. Dennis Street here this afternoon and after subduing the clerks, looted the bank of \$10,000.

At the time of the robbery the manager of the branch, Armand Robillard, and three clerks were in the bank. As the holdup men entered the front door they fired their guns into the ceiling, hoisted and shouted and ordered all the bank staff to lie on the floor. One of the men ran through the safe, which was open.

While the bank employees lay on the floor they were guarded by one man, who kicked their prostrate bodies, the slightest provocation and threatened to shoot the first one who made an attempt to rise.

As the bandits left the bank they fired another volley into the ceiling. According to pedestrians who saw the escape, the bandits drove off in a touring car bearing Quebec license 17352.

As soon as the robbers had departed the manager of the bank notified the police by telephone.

BURGLAR RIFLES GUESTS' PURSES

Dallas Road Home Entered While Host and Guests Played Bridge Last Night

Detectives to-day are investigating what has the appearance of a daring robbery at the Dallas Road home of E. H. Bean, which occurred some time last night while Mr. and Mrs. Bean were playing bridge with guests at bridge. At a late hour, a friend who was passing, noticed a ladder against the wall of the house and telephoned a warning. Mr. Bean, investigation showed that the purses of the lady guests, left upstairs, had been searched and a quantity of money taken from them. The burglar apparently did not attempt to rob the house of anything but money. Nothing was touched, say police, in the way of jewelry.

A passport belonging to a visitor here from the United States was taken together with \$1 in bills and silver. That was the extent of the loot.

PLANE WORLD RECORD FLIGHT IS FAILURE

San Francisco, Jan. 19.—The monoplane Spirit of California, attempting to set a new world aeroplane endurance record, failed by less than four hours to-day when it was forced to land at Mills Field at 10:16 a.m. Pacific Time.

The plane was forced down when its fuel supply was exhausted. It took off at 8:09 a.m. Tuesday. Its time in the air was approximately fifty hours and seven minutes.

The record, held by two German fliers, is 52 hours 22 minutes and 31 seconds. To set a new record the fliers, Captain Charles Kingsford-Smith, British ace, and Lieut. George R. Ford, of the United States navy, would have had to beat that by an hour, a margin of less than an hour not being recognized.

ALBERTA UNITED FARMERS DISCUSS CANAL PLAN, BUT PASS NO RESOLUTION

Calgary, Jan. 19 (Canadian Press)—The United Farmers of Alberta at this morning's session of their annual convention here, maintained a non-committal attitude on the feasibility of international development of the St. Lawrence waterway when the subject was introduced in resolution form.

The resolution, which urged approval of the project on the basis of joint development by Canada and the United States, was tabled after E. J. Garland, M.P. for Bow River, Alberta, had warned the delegates against the danger of a "pronouncement" from which it would be difficult to retract.

"Sooner or later development of the St. Lawrence waterways will be undertaken. We can not prevent it," Mr. Garland stated. "The question, however, is whether Canada is prepared or in a position to shoulder the tremendous financial responsibilities involved."

"We should be in no hurry to launch this scheme," Mr. Garland added, "but when it is ultimately agreed upon, it should be essentially on an international basis."

BURDEN NOT WELCOMED

Opposition to the resolution centred principally on the financial burden which would come upon the country if the project were undertaken. A number of members claimed the practice had more vital questions on which to concentrate. The resolution eventually was shelved on the ground that the convention did not possess sufficient information on this subject to warrant ratification or rejection.

Threat of a clash between Chinese factions here, following an alleged raid by armed bandits on a gambling club at 557 Fisgard Street and the theft of \$400, kept police patrolling Chinatown until the fever of excitement had subsided last night. Plain clothes men and uniformed officers paced the pavements and awaited developments, while other men of the department, with Chief of Police Fry and Chinese helpers, combed Chinatown for signs of the six bandits who were the cause of the trouble.

The report of the hold-up of the keepers of the gaming tables at 557 Fisgard Street resulted in a squad of police hurrying to the scene shortly after 6 o'clock last evening. Pandemonium reigned in the crowded quarters of the club. A crowd of Chinese jostled there and wild cries of alarm greeted the police as the officers struggled through the mobs. Three Chinese were taken into custody, but were released to-day after one of them, Chung Chew, had been charged with assault.

SEEK IN VAIN

Chief John Fry, who took charge of the investigation, explained that owing to the fact that the keepers and officers of the gaming house were intent upon capturing the six bandits who had robbed them, police labors with clients under a great handicap. No one among the crowd of excited Orientals could explain anything about the reported bandit, it was said, if they could, Chief Fry said.

In vain the officers sought for someone who could tell them what had happened. In vain they questioned, coaxed or threatened.

Finally the police found an explanation of the trouble when a friend of the department in Chinatown told Chief Fry the story.

LOOT OF \$400

At about 6:20 o'clock in the evening, six armed men suddenly appeared in the gambling club, followed by ten or a dozen other Orientals, who made no display of arms and who may have been nothing more than interested spectators. This show of force paralyzed the keepers of the house and the \$400 in cash which they had on hand was passed out to the runaways with celerity. Police are inclined to the belief that this was only a small part of the money on the club premises.

Apparently satisfied with the extent of their success the bandits turned to the exit and made good their escape.

ATTEMPT PURSUIT

Club officials, according to the police, attempted pursuit. According to the rumor about Chinatown it was expected that the gangsters would head for Up-Island points by automobile.

Imperial Life Surplus Earnings Exceed \$2,000,000 For Year

"In thirty years our company has built up its surpluses in force to practically \$250,000,000 which is about four times what it was ten years ago," said G. A. Morrow, president of the Imperial Life Assurance Company, at the annual meeting in Toronto. "And there has been a correspondingly rapid increase in our cash income which now amounts to over \$11,000,000 and exceeds by \$1,100,000 the income of the previous year."

An important feature of the report is the very satisfactory state of the surplus earnings for the year just closed which amounted to over \$2,000,000.

800, exceeding by \$250,000 the best record of any previous year. In 1927 the assets of the company were increased by about \$5,000,000 and now stands at over \$55,000,000.

"The widespread speculation so much in evidence during the war and which is still with us undoubtedly caused considerable money to be diverted from the purchase of new life insurance or for insurance renewals," said Mr. Morrow.

Nearly \$40,000,000 worth of assurances were issued in the year establishing a new record and exceeding by nearly \$3,000,000 the amount in the previous year.

Constitutional Growth in the Dominions

The Winnipeg Free Press

In all the Dominions of the British Commonwealth, there were interesting constitutional developments in 1927, many of them the result of the status of equality which had been formally recognized and defined by the Imperial conference of 1926. There were two striking manifestations by Canada of nationhood: the sending of a Canadian minister to Washington and the successful candidature for a seat in the Council of the League of Nations. The appointment of a Canadian minister to Washington met with criticism until the appointment was actually made, and for a brief period afterwards. No less a person than R. B. Bennett, now leader of the Conservative Party, declared only last session that he was "wholly opposed to the establishment of this embassy."

"It is," he declared, "but the doctrine of separation." But the Legation promptly revealed the reason for its existence by becoming about the busiest embassy in Washington, and the end of the year finds no responsible public man or journal in Canada who would advocate withdrawing the Canadian minister. Canada is about to send a minister to France.

Canada's election to the League Council was also important as establishing, against the theory held by United States authorities, that the Dominions are in the League would distinct, not subordinate, entities. The year was also notable in Canada for the definite emergence, by reason of discussions in Parliament and in the conference of Dominion and provincial ministers, of the question of the amendment of the Constitution and the disavowal of the nationalist view of the matter by Mr. Lapointe.

The finding of the Imperial Conference led to a lessening of the tension in South Africa between the Nationalists and the South African Party, but the feud broke out anew and with additional bitterness over the matter of a national flag. The Hertzog Government insisted that South Africa, having won recognition as a nation, needed a national flag. To this the South African Party took no objection, but the parties quarrelled bitterly as to what the flag should be. The S.A. Party demanded that both the Union Jack and the old viceroy should be shown on the flag, while the Nationalists stood out for an entirely new flag. After months of bitter controversy the bill establishing the flag favored by the Government, subject to a favorable vote in a referendum, was on the point of being passed through Parliament when a last minute suggestion of compromise was eagerly welcomed by both sides as an escape from possible civil war. As the outcome of negotiations South Africa now has two flags: the national flag, which is the old flag of the House of Orange with the Boer flag and the Union Jack charged upon it, and the Union Jack, which is to remain the symbol of South Africa's connection with the commonwealth. The flag resentment has been followed by an outbreak of good feeling between the two races. Significant of the new order of things was the recent speech of Tielman Roos, Minister of Justice, at Johannesburg, a former Nationalist firebrand. He said that the flag settlement had brought peace. The secession clause in the platform of the Nationalist Party should, he said, be expunged, as it was no longer necessary in view of the declaration by the Imperial Conference. The Empire would continue to exist, but the position between Great Britain and the Dominions was that they were freely associated together. Each can do as it chooses, but in doing so must have regard for the interest of the whole.

Australia embarked during the year upon two large constitutional developments. One was the setting up of a commission to overhaul the Constitution of the Commonwealth and suggest amendments in the light of twenty-six years' experience. When these are agreed upon they will be submitted directly to the people under the referendum provisions of the Australian Constitution. The Federal and State Governments have come to an arrangement by which the Federal payments upon a per capita basis to the States shall cease and the States being reimbursed by Federal contributions towards the payment of interest on State debts and towards the building of linkers funds for the retirement of these debts. A bill validating the arrangement has passed the Commonwealth Parliament, but it will be necessary to submit it to the direct vote of the people. Both developments indicate how much more adaptable is the Australian Constitution to changing conditions than is the Constitution of Canada.

Other interesting political developments of the year in Australia were the transfer of the Federal capital to Canberra; the defeat in New South Wales of the looking-to-Moscow Labor Government; and the battle between the Labor Government and the railway workers in Queensland, which ended in the vindication of the supreme authority of the State. Externally it was a quiet year, but it is an open secret that the Australian Commissioner to the United States, who has resigned his position, is going home to demand that Australia establish a legation at Washington, thus putting herself on an equality with Canada. Thus the Commonwealth moves forward.

New Zealand, the most cautious of the Dominions, has decided upon an interesting constitutional experiment. It has arranged with the Government of Great Britain to have an official of the Foreign Office attached to the Prime Minister's office in a consultative capacity, while a New Zealand official is to go to London for the purpose of keeping in

touch with the Foreign Office, the Dominions' Office and the secretariat of the British Cabinet. Apparently he will be under the direction of the High Commissioner. It is thought that Mr. Amery, who has just completed a visit to New Zealand, has had much to do with framing the scheme.

In Ireland the year was notable for two general elections and for entrance into the Dail of DeValera's group of the Chief Opposition Party. The Cosgrave Ministry has a narrow but apparently firm majority, but the general opinion in Ireland is that DeValera can oust Cosgrave from the premiership in the near future if he and his party will, in fact if not formally, accept the treaty and agree to observe all constitutional requirements in effecting any change which they may desire. The Flannas Fall are relying less upon their Republican appeal and more upon a programme involving tax remissions and the imposition of high duties for the protection of native industries, and are believed to be gaining strength in the Free State.

Payne to Defend Billiards Title Against Hodgson

Vancouver, Jan. 19.—C. A. L. Payne will defend his title of Canadian billiards champion Friday against Harry Hodgson, having entered the final round by defeating George Bandy, 500 to 175, here last night. The provincial final will consist of 1,000 points to be played in two blocks, afternoon and evening.

The champion breezed through the semi-final, having an average of close to 55. For 150 points Bandy did well, but Payne began putting aleasable breaks, while his opponent failed to take advantage of what openings were given him.

Payne made no centuries but, chiefly through prolonged sessions off the red ball, compiled breaks of 73, 60, 40, 35, 28, 25 and 22. Bandy scored several in the twenties.

Hodgson reached the final by winning over Jimmy Yellowfles Tuesday night after a hard battle.

Ada Mackenzie Is Winner at Bahamas

Nassau, Bahamas, Jan. 19.—Favorites were easy victors in the first round match play in the women's championship of the Bahamas golf tournament, which started here yesterday. Qualifying rounds were dispensed with.

Ada Mackenzie, Canadian champion, beat Mrs. William Ladd of New York 7 and 6.

Marie Jenney, Metropolitan champion in 1926, beat Katherine Christie of Toronto 8 and 6.

Mrs. John Renwick of Mount Bischo, beat Mrs. Louis Jenkins of Chicago 3 and 2.

Rosemond Sherwood beat Mrs. A. C. Fortescue of Portland, Maine, 5 and 6.

Middleton to Manage Seattle Ball Club

Seattle, Jan. 19.—William Middleton, president of the Seattle baseball club of the Pacific Coast League, last night announced that he had closed a deal with Minneapolis of the American Association whereby Jim Middleton will come here as manager.

In return, Seattle gave Cliff Brady, veteran second-baseman and "other valuable considerations" to the Minn. club. Middleton will start a tour of the East and Middle West in search of needed talent.

McLarnin-Terris Match Approved

New York, Jan. 19.—The state athletic commission to-day approved the lightweight bout between Jimmy McLarnin of Vancouver, B.C., and Sid Terris of New York, scheduled at Madison Square Garden, February 24.

GIANT SPUDS

J. M. Terrell of Pushmataha county, Oklahoma, is raising giant spuds on his farm. The average size of his potatoes is nine inches in circumference and weigh about one-half pound each. He reports an average yield of forty bushels to the acre.

BACKACHES WERE SLOWLY KILLING ME

"I was almost laid out with the pain and stitches in my back. I had just about given up hope of getting relief when a neighbor gave me a bottle of 'St. Jacob's Oil' to rub on my back. I got immediate relief and have enjoyed perfect comfort since."

It's a pity that everyone with Backache, Lumbago, Rheumatism and Neuritis don't know about "St. Jacob's Oil." It's amazing. Without burning or blistering the skin, it penetrates to the affected part and draws out the pain like magic. If you want to know what relief is, go to your druggist and get a small trial bottle of "St. Jacob's Oil" and apply it to any aching spot. (Advt.)

The second time

IT'S home, but it isn't perfect. You know more now than when you first hung up those curtains and moved your furniture in. You have lived with those walls, bookcases, radiators, cups and saucers long enough to know their merits and demerits. The kind you would buy the second time, and the kind you wouldn't buy. If you and Sarah could start all over again, you'd profit from that experience. Avoid what has proved unwise—study advertisements, home-furnishing pamphlets—let the potatoes scorch and the lima beans boil dry—just comparing new refrigerators, bathtubs, patterns of delicate china. You'd want to make sure what you bought this time would please you as much to-morrow as to-day.

Yet day by day you are making that home-place over. "We do need some new curtains." "Hadn't we better get some butter-knives?" The only difference is a gradual instead of a wholesale affording. And by knowing the advertisements you know the future of what you buy. You know by name, for instance, the curtains that won't sag or fade.

All the wisdom that your windows, your electric washer and ironer, the wind, sun, rain would write out for you slowly about those curtains, season by season—you get in one swift reading of the curtain advertisements. Experience usually deals with the past. With advertisements, it deals with the future! You buy the now and the will-be when you buy advertised wares.

Read the advertisements to know what is advertised—what is certain to satisfy you.

A daily reading of the advertisements prepares you for happy, safe choices first times as well as second times—every time you buy

Canada Changing Its Fuel Market

Ottawa, Jan. 19.—A saving to the public of \$17,000,000 during the past five years has been made through the use of alternative fuels instead of anthracite coal. The Dominion Fuel Board makes this statement in a bulletin issued yesterday.

The board since its inception has conducted studies of the fuel problem with a view to making Central Canada increasingly independent of Pennsylvania anthracite.

The hens of the United States last year laid 760 eggs a second, or two billion dozens for the year.

CHARGE OF THEFT

Toronto, Jan. 19.—Harold Woodley, forty-three, married and with an infant child, was arrested yesterday at the office of the S. K. P. Ball-bearing Company here on a charge of theft of \$7,000 from the company, of which he was accountant. Detectives said Woodley admitted the theft, stating he had been betting on the horses. He was remanded for eight days on bail of \$15,000.

REPORT DENIED

Toronto, Jan. 19.—Hon. Howard Ferguson, Premier of Ontario, to-day denied a report published here yesterday which said Hon. Forbes Godfrey, Minister of Health and Labor, was about to resign from the Ontario Government.

B.C. FRUIT GROWERS VOTE APPROVAL OF MARKET CONTROL

(Continued from page 1)

here included a request that the Provincial Government continue the good work in fighting fire blight, that the Federal Government undertake an investigation of collar rot on an extensive scale, continue the fight against woolly aphis, and introduce natural enemies to battle the codling moth, and that the Department of Agriculture be empowered to control the movement of fruit and empty orchard or apple boxes from infested to clean areas.

SHIPMENT INVESTIGATED

Yesterday afternoon the convention was told by F. M. Black, chairman of the Kamloops branch, that the action of W. H. Hammond, "rebel" rancher of Ashcroft, in shipping eighteen tons of B grade potatoes and two tons of C grade purchased by him from Ashcroft ranchers and billed to John Savage in Vancouver, was being investigated by counsel for the Committee.

According to the contention of Mr. Hammond, he shipped the car without a license from the board, bought the potatoes at a lower figure than set by the board, and sold them at a lower figure. He broke the orders of the board for the purpose of instituting a test of the constitutionality of the act, he has stated.

BANQUET HELD

Last night the delegates to the convention were guests of the Kelowna Board of Trade at a banquet.

At yesterday afternoon's session of the convention opposition to the Market Control Act was voiced by E. Clark of Kamloops. He claimed to represent the views of ninety-five per cent of the vegetable growers on the railway main line from Kamloops to Chase and down to Merritt. He admitted he had made no protest to the committee. He said the fruit growers of the Okanagan district were for the measure because they benefited. The growers in his district, he declared, were hurt and were against the measure.

Asked if control would be favored if the potato growing districts in the province came under the act, Mr. Clark said they were so sick after their 1927 experience that they were absolutely opposed to the Control Act.

EXTENSIONS CONSIDERED

Addressing the convention yesterday afternoon, Hon. E. D. Barrow, Minister of Agriculture of British Columbia, said:

"The results of the past season's experience with market control justifies us in extending it to other commodities, but I think it is best we should go rather slowly in such extensions. We should first perfect it in regard to the fruit industry."

"I have traveled all over the Province and have found only one grower who is opposed to the principle of market control," he added.

"Other parts of the Province are demanding the benefit of market control."

POTATO SUPPLIES

"We are considering the inclusion of potatoes for the coming season. An important factor with such a crop is control of production, and that is a difficult thing to do with a crop seeded each year. We shall not control production of potatoes by allocation of quantities in any district."

Speaking to a resolution which urged that when a commodity was brought under the supervision of a committee of direction it should apply to the whole Province, R. S. Twining of Gordon Head asked that the matter should be carefully considered. There were no small consignments shipments from Vancouver Island, he said, and there was a little fear of disorderly marketing by growers there. He suggested that if berries were brought under control, a board should first be established for the mainland alone. Vancouver Island growers would gladly contribute proportionately to the cost of its operations. The resolution was sent to the executive for consideration.

C. G. D. Roberts Is Honored at Event in Seattle

Seattle, Jan. 18.—Dr. Charles G. D. Roberts, noted Canadian writer, shared honors last evening with Dean Vernon McKenzie of the school of journalism of the University of Washington at a dinner given by the League of Western writers and attended by 100 writers and scholars.

L. Bullock-Webster, director of the British Columbia School of the Drama at Victoria, was toastmaster. Dean McKenzie's address was on "Scouting in Europe."

Dr. Roberts gave encouraging advice to the younger writers present.

LOOTING OF GAMING HOUSE ON FISGARD STREET STARTS RIOT

(Continued from page 1)

After the police had gathered the shreds of the tale, and commenced their work of investigation, information took them to a little room in Chinatown, where were two Chinese whom they held for questioning. The third man was taken for questioning soon afterwards.

LAWYERS CALLED

The gaming club faction retained Stuart Henderson to represent them and the lawyer was carrying out private investigations and co-operating with Chief Fry as soon as he met the heads of the club and learned their position, following the bandit raid.

According to Mr. Henderson there has been trouble brewing between two powerful Chinese factions here for some time and the developments last night gave every appearance of making a four-sided squabble which might end in violence. Mr. Henderson said that he was doing all in his power to avert trouble. He brought the keeper of the club were equally intent upon maintaining order. But there was a possibility that other elements might enter into the dispute, elements with which it would be impossible to cope in the ordinary way. Mr. Henderson was anxious to avoid an explanation involving particular persons, and he said that the matter was not understood, he said.

OFFICERS READY

From the time the first squad of bandit pursuers went into Chinatown, patrols walked the streets there awaiting any outbreaks which might occur; walking with their gun hands ready.

When the prisoners were brought in to the street to be taken to police headquarters, an angry mob of Chinese rushed upon them. A heavy armed force of police kept the crowd of excited men at a safe distance.

The incident served to warn the police that feeling ran high in Chinatown last night.

ASSAULT CHARGE

Arising out of the attack upon the two Chinamen taken into custody by the Chief of Police Fry and his riot squad after the alleged robbery last night, Chung Chew, a Chinese, was held this morning on an assault charge. He was the only one of a mob of more than 100 who attempted to wrest from the police the two prisoners, who were captured in the crowd.

W. C. Moresby, who appeared for the accused, reserved plea and asked for an adjournment of the case until Saturday. He spoke of bail, and urged that it might be reasonably small.

Questioned as to the circumstances of the case by Magistrate George Jay Stuart, Henderson, appearing for the man, stated that his client had been seized and struck with some weapon, and that his arm was injured.

His Honor granted bail of \$100 cash.

SAVED SITUATION

One of the Chinese assistants who gave the police aid in capturing those arrested last night for questioning, gave credit to police officers for quelling trouble which would probably have resulted in bloodshed but for the interference of the officers.

"Police men are plenty men die," was his way of putting it.

BRITISH PAPERS STATE VIEWS ON MALINES REPORT

(Continued from page 1)

London, Jan. 19 (Canadian Press Cable).—Primacy of the Pope was indicated to be the bar to union of the Roman Catholic Church and the Church of England in the long-awaited report on the famous Malines Conversations, made public here last night. The report revealed that the Anglican and Roman Catholic delegates, under the presidency of the late Cardinal Mercier,

the publication of the text followed closely upon the rejection by the House of Commons of the revised Book of Common Prayer of the Church of England and the recent encyclical of the Pope on church union.

Objectors to prayer book changes said they were in the direction of Rome, chiefly as concerning the Sacrament. The Pope said a union of Christians could only come by the rejection of dissenting to the original Church of Rome.

AUTHORITY OF BISHOPS

At one of the meetings of the delegates at Malines the Anglican representatives called attention to the well-known axiom, "No foreign potentate hath any jurisdiction in this realm of England."

Was it possible to interpret the spiritual authority of the Pope in such a way that the jurisdiction of the English bishops should not be interfered with? It was asked. Could this be secured side by side with recognition of the right claimed by the Pope to intervene in matters concerning the general interests of the universal church?

It was pointed out on behalf of the Roman Catholics that the right of the Pope to intervene anywhere could not be surrendered, but there might be a question as to how far he need exercise it. If the principle of the Pope's jurisdiction was not to be acknowledged it was not inconceivable that the Sovereign Pontiff might allow that normally the local authority should work without his intervention.

FREEDOM OF APOLOGISTS

The Anglicans said the principle of the right of jurisdiction was not at the moment under discussion. That was to be considered fully on another occasion, so they must not be understood as admitting jurisdiction of any kind. But the English were and always had been a practical people and it was important to know from a Roman Catholic standpoint whether it was conceivable such a right might be maintained consistently with the freedom which the Anglicans demanded to control their own affairs.

They would in any case hope the Pope might restrict himself to dealing directly with the Archbishop of Canterbury or with the several metropolitan bishops of the Anglican provinces.

ALL INCLUDED

At the meetings in 1921 the Anglican representatives thought it right even at that stage to emphasize that the unity contemplated should include both the Oriental churches and the various Protestant groups throughout the world.

It was generally believed among the Anglicans that their own church was placed in an intermediate position which involved corresponding responsibility.

CENTRE OF UNITY

Plain talk followed on the general

subject of Papal headship, at the end of which one of the Anglicans said, with the approval of his colleagues: "We wish for unity, and if the necessary preliminary conditions have been duly met, we should not shrink from the idea of the Papacy acting as a centre of unity, but in so saying we have in view not a papacy such as exists in theory and practice among Roman Catholics at the present time, but a conception of unity such as may emerge in the future."

POSITION OF ARCHBISHOP

At the second meeting in 1923, the Anglicans, responding to a question regarding the position of the Archbishop of Canterbury, answered that he held the central position in the Anglican communion without claiming any sort of jurisdiction over the provinces or dioceses in communion with Canterbury. They added that it was not themselves the growth of the Anglican communion to which they were bound to call attention, but its solidarity in matters of reunion they would set to work.

QUESTION OF ORDERS

On turning again to Anglican orders, one of the Anglicans proposed that the question ought to be examined afresh, as it was keenly felt the mother church had done a grievous wrong to the daughter church, which should be undone.

The Roman Catholics gave it as their opinion that the conditions under which such regularization might take place could only be ascertained from the Holy See.

MEMORANDUM PRESENTED

At the third meeting in November, 1923, the Roman Catholics presented a memorandum on relations between the Pope and the bishops from a historical viewpoint.

One Anglican remarked that Anglican authorities variously express their estimate of the Roman Church. They must admit the church had been reformed at the Council of Trent, but this reform was associated with the communion which aggravated difficulties.

The Anglican report, as published, concludes:

GAINS SEEN

"The net gain from the conversations may be described as the elucidation of the subjects which have ceased to be causes of difference and the elucidation of others which still remain. The Anglicans feel it would be premature and even misleading to attempt any further indications of progress toward agreement on the one hand and outstanding differences on the other."

ROMAN CATHOLIC REPORT

To the Anglican report is appended that of the Roman Catholic representatives.

This says that with regard to the special position of the Pope in the Anglican communion, the Anglicans' opinion are more difficult to reconcile.

The report says the conversation gave the Roman Catholics an opportunity of explaining the precise meaning of their doctrinal statements regarding the powers of the Papacy and the conditions under which they were exercised. The Anglicans expressed themselves in terms which, while not endorsing all that Roman Catholics believed and thought, yet seem to justify a great deal of hope for the future.

DISCUSSION OF DISCIPLINE

"The conversations impressed the Anglicans with the importance of mutual understanding and doctrinal agreement advance it will become possible to arrange a satisfactory adjustment of disciplinary rules, however delicate that may seem at present," says the report. "Anglicans are ready to make sacrifices for the cause of union. Roman Catholics desire a deal of considerably with any approaching theme regarding methods of government to which they have been accustomed, in all matters which do not concern the faith."

POINTS OF AGREEMENT

The Roman Catholic report states an agreement was reached without much difficulty on the following points:

"The social life of Christians is organized around an episcopal hierarchy. This social and organized life finds its basis within the Church, in the existence and use of the Sacraments. In the Eucharist, the body and blood of our Lord Jesus Christ are verily given, when the priest, by the power of his consecration, the bread and wine become the body and blood of Christ. The sacrifice of the Eucharist is the same sacrifice as that of Christ, but offered in a mystical and sacramental manner."

MATTER OF DISCIPLINE

"Communion in both kinds was once the practice of the whole church, but in the West communion came to be limited to one kind, and this practice, dependent upon circumstances."

"Consequently in our view communion in both kinds is not a matter of discipline, but one of ecclesiastical discipline."

Another passage in the Roman Catholic report reads:

"Memories of ancient times have left some bitterness of heart. It is better not to go back upon the past, but to try and forecast forms which Papal and Anglican alike may accept in the future."

At one conference among the Anglican delegates a document was read, but not approved, which included the following statement:

"The church is a living body under the authority of the bishops, as the successors of the apostles, and from the beginning of church history a primacy and leadership among all the bishops has been recognized as belonging to the Bishop of Rome. Nor can we imagine that any reunion of Christians could be effected except on the recognition of the primacy of the Pope."

The report of the Anglican delegates, following the conferences, was presented to the Archbishop of Canterbury.

JUDGMENT MONDAY IN MURDER APPEAL

(Continued from page 1)

Dealing again with surgical testimony he claimed there had been no evidence to let the jury decide whether the injury Bosch received was a mortal injury.

"If it were a necessary link in the chain of proof the Crown should have called the evidence," Mr. Justice Phillips thought. "The burden of proof rests upon the Crown," he said. "I cannot see why the Crown was entitled to withdraw from the jury the opportunity of the doctors examined to see if this operation was in good faith."

Answering Chief Justice Macdonald, Mr. Henderson said he was not suggesting death was due to an unskillful operation. The testimony might have shown whether the injury could have been caused by Bosch falling or being

Continued Great Pre-inventory Price Reductions on Women's Coats Suits and Dresses

PUTTING it briefly, we have reduced prices to the lowest figures we have ever attempted in order to make a rapid wind-up of our Pre-inventory Sale Bargains. It is our practice to have a complete clean up previous to stock-taking, but this year we want stock reductions as great as possible BEFORE the end of this month, and YOU WILL FIND OUR SALE PRICES OFFER YOU THE OPPORTUNITY TO SAVE MANY DOLLARS ON A SMART COAT, SUIT, DRESS and EVENING GOWN.

Angus Campbell & Co. Ltd.

1008-10 GOVERNMENT STREET

pushed against the poles in the freight car in which he was riding.

There was no proof, said Stuart Henderson, counsel for McKenzie, that the men who performed the operation were qualified physicians. Mr. Henderson quoted the definition of a physician as an assault unless there was consent. It had not been proved there was consent in this case, he said. Without the evidence of Dr. Hunter, he said, the Crown could not have put the case to the jury, yet, he claimed, no evidence had been given by Dr. Hunter as to the condition of Bosch when he was admitted to hospital.

U.S. NICARAGUAN PLANES ACCUSED OF BOMBING CIVILIANS

Mexico City, Jan. 19.—A letter to the newspaper El Universal here, addressed to Nicaraguan liberals in Mexico City and purporting to come from the Nicaraguan rebel general Augustine Sandino, accused United States Marine Corps fliers of bombing civilians, including women and children.

The letter, dated January 2, just three days after marines had taken Quilich, Sandino's headquarters, from him, contains an urgent appeal for medical supplies, saying the air raids

prevent prompt medical treatment with the result that many wounded die from lack of attention.

"Our wounded are dying from lack of prompt treatment of their wounds," says the letter. "After they are harassed with bombs and shrapnel, and also owing to malaria, I am speaking not only of soldiers but of civilians, among whom are many women and children, as the aeroplanes of these bandits are doing more damage in towns than in our trenches."

"The towns of Guanacaste, Ciudad Vieja and San Basilio are only smoldering ruins."

A Nicaraguan Red Cross unit is being organized in Mexico City in answer to Sandino's appeal for medical supplies. He urged prompt shipment of quinine to combat the malaria.

The letter was intended for publication January 15, when Sandino was said to plan an attack upon the United States marines. It says Sandino recently being called a bandit.

"Bridge Church" Is Discussed

In reply it was said the Roman Catholics felt that being united with the Anglicans would be of considerable value. The Anglicans would gain from the power of unity which the Roman primacy would bring them. On the other hand, Roman Catholics would gain from the experience of the Anglicans and also from their enormous influence in the propagation of the faith in the world.

Gas Makes Her Cross, Can't Eat or Sleep

Many a cross, nervous woman is unjustly blamed. Read this letter:

"Even my clothes would get tight and hurt me. My stomach was sour and every time I ate I would bloat up with gas. I could not sleep and was cross and nervous. My druggist asked me to try Adlerika. The very first dose gave me relief. Now I eat anything—ham and eggs for breakfast don't hurt me. I am not nervous and sleep fine. Besides all my household, I take care of my husband's office. I could never praise Adlerika enough." Mrs. M. Meyer.

As gas and naturally as taking a drink of water, Adlerika acts upon BOTH upper and lower bowels, bringing quick relief from gas bloating, intestinal stasis and chronic constipation.

The very FIRST dose of Adlerika often brings out astonishing amounts

of old waste matter from the intestinal canal. This poisonous matter may have been in the intestines a long time, causing gas, headache, sleeplessness and many other symptoms. A treatment of just a FEW weeks with Adlerika often brings great permanent improvement in cases of so-called stomach trouble.

WHAT DOCTORS SAY

Dr. H. Louis Shoub, New York, states: "Adlerika, in addition to its intestinal cleansing action, tends to check the growth of intestinal bacteria."

Dr. A. J. Lancaster, a physician of over a quarter century's experience, says: "In the treatment of gastrointestinal disorders, Adlerika has no equal."

J. E. Puckett, writes: "After using Adlerika, I feel better than for twenty

"Build B.C."

Try This Salad Dressing

Three eggs, ¼-tin Pacific Milk, ½-cup melted butter, 1 teaspoon salt, 1 teaspoon mustard, 1 cup vinegar, juice of onion. Beat eggs and milk well together, add melted butter and rest of ingredients and beat again. This recipe was sent in but no name was sent with it. However, we are very glad to print it.

Pacific Milk

Factories at Abbotsford and Ladner

"Build B.C."

Cordial & the Beverage

After the exhilaration of winter sports, there is nothing quite so satisfying as steaming hot "OXO". One teaspoonful of a cup of boiling water makes a cup of appetizing and nourishing drink which warms you through and through. Try it.

At all grocers; in 16 and 20 oz. bottles and convenient 6 oz. flasks.

Delighted Audience Hears Entertainer

Katie McLuhan, in her role of dramatic entertainer, easily measured up to the highest expectations of a large and enthusiastic audience at the Esquimaux United Church last evening. Her lovely personality, and compelling gifts captured her hearers from the beginning and held them to the end of a most delightful humorous, and soul-moving programme. Her fine literary taste, the rich modulations of her voice; the versatility displayed in her swift transformation from laughter to tears, from humor to pathos, and comedy to tragedy revealed a rare skill in the art of characterization and impersonation. A larger welcome awaits her return visit. The installation in the programme were: "Rise in the morning" group singing by the C.G.I.T. girls, and an organ recital by John Mutch.

Oxford is the largest university in the world. It has twenty-five colleges.

HOW TO FIGHT EXCESS FAT

There are hard ways, like starvation, but fewer and fewer employ them. There is a pleasant way, modern and scientific, which combats the cause. A vast number of people now use it. And the slender figures now seen everywhere are largely due to that.

That method is embodied in Marmola's prescription tablets. People have used them for 20 years—millions of boxes of them. And everybody, in almost every circle, sees the change. New beauty, new health, new vitality.

Each box of Marmola's contains the formula, also the scientific reasons for results. So users have no fear of harm. Learn the facts about Marmola, because of the good it does. Ask your druggist—now—for a \$1 box with the book. Then decide.

ACIDS IN STOMACH CAUSE INDIGESTION

Medical authorities state that nearly nine-tenths of the cases of stomach trouble, indigestion, sourness, burning, gas, bloating, nausea, etc., are due to an excess of hydrochloric acid in the stomach. The delicate stomach lining is irritated, digestion is delayed and food acids, causing the disagreeable symptoms which every stomach sufferer knows so well.

Artificial stimulants are not needed in such cases and may do real harm. Try laying aside all digestive aids and instead eat from any grocery store Bismarck Marmola and take a teaspoonful of powder or four tablets in water right after eating. This sweetens the stomach, prevents the formation of excess acid and there is no sourness, gas or pain. Bismarck Marmola (in powder or tablet form—never liquid or milk) is harmless to the stomach, inexpensive to take and is the most efficient form of Marmola for stomach purposes. It is used by thousands of people who enjoy their meals with no more fear of indigestion.

Cumberland

Dr. M. S. Wade, writer and lecturer, author of the well-known work "McKenzie of Canada," will give an illustrated lecture on the "Early Fur Traders of B.C." in Courtenay on Thursday, February 2, under the auspices of the Canadian Club.

A well-attended whist drive was held in the Fraternal Hall on Monday evening under the auspices of the Harmony Rebekah Lodge No. 22, when the prize-winners for the evening were Mrs. J. Sevard, Mrs. Bogo, James Smith and Mrs. Morelle (subs).

The Talent Club of Holy Trinity Church entertained a number of their friends on Monday evening at a very enjoyable party held in the new sitting-room which has been added to the Cumberland General Hospital for the convenience of the nursing staff. Dancing and games passed a very pleasant evening, and several amusing and clever charades were played which revealed an unsuspected talent for acting in some of the guests. Miss Annie Mann and Les Dando were successful in winning the prize for the guessing contest. Refreshments were served by the members of the club, and the party broke up about midnight, everyone voting it a huge success. Those present included Rev. and Mrs. E. O. Robathan, Mr. and Mrs. L. Thomas, Mr. and Mrs. Kunderley, Mrs. L. Finch, Mrs. H. Cameron and the Misses Molly Tarbell, Florence Sehl, Phyllis Burroughs, M. Haggart, Norma Parnham, Blanch Dando, Jean MacNaughton, Barbara Grant, Annie Mann, Vincent Auchterlonie, Jessie Brown, Isabel Brown, Sheila Conway, Marjorie Brown, Margaret Robertson, Carrie Richardson and Messrs. John Richardson, Dick Idens, Hector Treen, George Tarrell, Les Lando, Jim Miller, Norman Robertson and Archie Dick.

Rev. E. O. and Mrs. Robathan left on Tuesday morning for Victoria, accompanied by Mrs. H. Bryan. The Rev. Mr. Robathan will preach the opening sermon of the annual convention of the Diocese of the W.A. at the corporate communion held in Christ Church Cathedral on Wednesday morning. Mrs. Robathan and Mrs. Bryan will represent Holy Trinity W.A. at the annual meeting.

With the return of frosty weather, skating is again in full swing on Maple Lake Swamp. The thaw of last week with its heavy rains served to wash off the surface snow and smooth out the irregularities without in any way breaking up the ice, which is from three to six inches thick.

W. P. Symons, ex-alderman and one of Cumberland's most prominent business men, was in town on Monday and Tuesday, following a prolonged holiday in England and the United States, having been absent from the city for the past nine months.

A meeting of committee members of P. P. Harrison M.P.P., independent representative for this district in the Provincial House, was held in the Anglican Hall on Monday evening, when the various needs of the district were brought to Mr. Harrison's attention. Among other matters brought up was the recommendation made to the recent meeting of the Red and Gun Club that the Government be approached with a request to make very necessary repairs to the road leading to Puntledge Lake. Mr. Harrison promised to do all in his power to have this done.

W.B.A. MAKES PRESENTATIONS
The installation of officers of the W.B.A., which was to have taken place last Thursday, was postponed till the next meeting owing to unforeseen circumstances. The presentation to the retiring officers and others took place as planned. There was a very large attendance and an interesting little programme of songs and readings was presented. Mrs. Covert, retiring president, was presented with a handsome upholstered wicker chair and an Everharp pencil in addition to the past president's jewel. From her companion past presidents she received an exquisite bouquet of carnations. In addition there were several presentations to other officers of the lodge as tokens of appreciation for their long and faithful service in their various offices. These included Mrs. F. Perkins, Captain of the Guard Tam; Mrs. Hudson, Financial Secretary; Mrs. S. Davis, Recording Secretary; and Mrs. M. Coe, Standard Bearer; and also to the retiring officers, who hold a record for regular attendance among the charter members. These presentations were kept secret until the very last and the surprise of the recipients added not a little to the delight of their fellow lodge members. Mrs. McMillan of Lodge No. 7, Vancouver, now a guest, after the business of the evening was over the ladies served dainty refreshments and a pleasant social hour was spent.

Interest in the billiard tournament being run by the Literary and Athletic Association still continues keen, as the contest enters on its eighth round, with J. Robertson still in the lead with fourteen points, definitely breaking his tie with W. Smith. The various scores now stand as follows: J. Robertson, 14 points; W. Smith, 8; Hatfield, 10; Brown, 0; Frelone and D. Lockhart, 10 points each; T. Carney, 0; Williams, 0; W. McMillan, H. Jackson and S. Gough, 8 points each; D. Martin, S. Hunt, T. Brown and C. Tobacco, 6 points each; and G. W. Williams with 2 points.

A large entry has been received for the cribbage tournament which starts this week, though not so much interest has been taken in the indoor quads tournament as was expected. Interest in cribbage has reached a high peak in Cumberland during the past two winters and up to date it has kept its popularity. In addition to the tournament just starting, the various teams and clubs entered in competition for the Maynard Cup are putting on a keenly contested fight. The draw for the coming tournament is as follows: D. Dunlop vs. R. Freeburn, S. Gough vs. C. Walker, T. Brown vs. J. Smith; W. Simpson vs. D. Stevenson; W. Henderson vs. W. Mossey; W. McMillan vs. J. Dallos; Brea, O. Frelone, H. Waterfield, J. Williams, H. Docharty, J. Murray, W. Whyte, R. Brown, S. Robertson, F. Watson and T. Carney.

A meeting of the Cumberland Cricket Club was held on Monday evening for the purpose of discussing ways and means of raising funds for the work of putting the playing pitch at the "Fridge" into proper condition. Considerable work will be necessary and it is hoped that this may be started as early as possible so that practices can begin just as soon as the weather warrants. It was decided at Monday's meeting to hold an old time dance on February 3, and if successful to inaugurate a series of social events of a like nature.

A little girl aged ten was asked what was the difference between pride and vanity. After a little consideration she replied, "Pride means 'I don't think much of you'; vanity means, 'What do you think of me?'"

Women's Coats and Men's Suits

Are Prominent Among January Sale Bargains Friday

Girls' Blue Smocks \$1.00

Blue Cotton Smocks, with cretonne collar, cuffs and pockets, made with long sleeves and buttoned down front; sizes for 10 and 12 years. On sale for **\$1.00**

Capitals Organize To Preserve Hockey

Had Victoria Hockey Club Failed This Year Amateur Game Might Have Gone Same Way as Professional Sport; Lou Tweedie Originated Idea of Forming Club and Three Men Have Put Up the Money to Provide Team; Towers Here for the Final Game of Series To-morrow

Now that the Victoria Hockey Club has become such a success the fans are asking questions as to who is financing the club and who had the brainstorm that resulted in the formation of such an organization.

Last year several hockey officials and players almost wept at the brand of hockey served up in the Senior Hockey League. Things seemed to be going from bad to worse, and grave fears were held for what would happen this winter if steps were not taken to change conditions.

Lou Tweedie, manager of the Shells, last year's champions, is responsible for the idea of organizing a club here for inter-city competition. He located two others who fell in at once with the idea. Harold Hewitt, secretary of the Victoria Amateur Hockey League, and Alex Strath, famous goalie.

FELL IN LINE

When a meeting of the Victoria League was held early this season Tweedie, Hewitt and Strath advanced their plans and at once it was decided to discard the old senior league and give every assistance to the new organization, which was named the Victoria Hockey Club.

It was the idea of the club to bring outside teams here and build up a local club that would be able to furnish first-class hockey. It took money to do this, but the trio dug down in their pockets and went scouting for players. Then they got the three Vancouver clubs to agree to a six-game series for the Wilkerson Cup.

THE BAD BUMP

Victoria started off fairly well in the series, holding Ex-King George, but in the next game, although beaten by the Monarchs, showed a fighting club. It was the following week when the Towers were here, that the Victoria Club went haywire, and it looked as though amateur hockey was sliding backwards after having made a fine bid for public favor.

The men behind the club, however, staked their all on one final move to strengthen the team. They realized that if the amateur game lost out this year it would take a long time to revive it. Other players were brought in, and hurry-up calls were broadcast to the firm making the special kneecaps for Hughie Burnett. Things at last broke right, and in their next appearance the Capitals defeated the Ex-King George. They followed this up last Friday by whipping the classy Monarchs. Two new men, Captain Anderson and Walker Taylor, made a tremendous difference in the local team last week.

TOWERS COMING

To-morrow night the Towers, of Vancouver, will be here for the last game of the Wilkerson Cup series and high hopes are entertained by the local club and the fans that the Capitals will win. The team is in first-class shape and prepared to fight desperately for the game. The Towers, however, defeated the Monarchs on Monday and will be at top strength for the engagement.

"We have no complaints to make against the patronage this year," stated Lou Tweedie, president of the club this morning. "When we showed that we were in earnest to give the town a real team we got the support. We had one tough spot, but we are over that now, and the last two games have been well supported. We look for a bumper house to-morrow night. We are not out of the woods yet in regard to our finances, but we are not worried about that. We are satisfied that we have given the fans some real hockey, and I think we can prove them some more before the season ends."

To-morrow night's game will start at 8:30 o'clock.

Both Ladies' Golf Titles at Stake On Montreal Links

Toronto, Jan. 19.—At the semi-annual meeting of the Canadian Ladies' Golf Union here, it was decided to hold the two Dominion title tournaments this year in Montreal. The open will be played at Beaconsfield during the week of September 10 and the close at the Montreal club the following week. In addition to these tournaments official notice was given to the British Columbia championship during Easter week.

OLD BALL PLAYER DIES

Poughkeepsie, N.Y., Jan. 18.—Claude Roseman, forty-six, first baseman of the Detroit Tigers when they were American league champions under Hugh Jennings, is dead in the Hudson River State Hospital, where he had been a patient for several years.

SCOTTISH TO PRACTICE

The senior and intermediate rugby fifteens of the Sixteenth Canadian Scottish will turn out for practice to-night at 8 o'clock at the Armories. All players are asked to turn out.

Sunderland Defeats Northampton in Ties

London, Jan. 19 (Canadian Press Cable).—Sunderland defeated Northampton in a replayed game from the third round of the English Football Association Cup ties to-day. The score was 3 to 0. The winners meet Manchester City in the fourth round.

PRO GOLFERS ARE ASSEMBLING FOR EL PASO TOURNEY

El Paso, Jan. 19.—The advance guard of the army of professional golfers who will compete in the second El Paso open tournament here next Saturday and Sunday arrived here to-day.

Those already here include MacDonald Smith, Great Neck, L.I., winner of the Los Angeles open and Pales Verdes open; Bobby Cruikshank, New York, winner of the Texas open last year and nationally known player; Al Espinosa, Chicago, prominent player and generally in the money; Billy Burke, New York, Tommy Armour, Washington, D.C., and many other lesser lights.

Black Gold, With \$45,000 Insurance, Breaks Leg in Race

Winner of Kentucky Derby Destroyed After Bad Accident in New Orleans

New Orleans, La., Jan. 19.—Black Gold, winner of the Kentucky Derby in 1934, fell in front of the judges' stand in a fast finish of the running of the Salome purse, one-mile race at the fair grounds here yesterday and had to be destroyed. The horse suffered a broken foreleg, Jockey Emery was up.

Black Gold was running a fine race when the leg snapped. He was fighting for second place in the race. Dead game to the very last, the prize possession of Mrs. R. M. Hoots of Oklahoma, suffered the mishap with but a sixteenth of a mile to go in the Salome purse, tried even on three legs to continue.

He was led back to the paddock and still was shaking his proud and perfect head in resentment at the sight held taken on him by an assistant. He flinched as the needs of destruction pricked his skin, tossed his head high and pricked his ears even as the needle was withdrawn and in the next second was up.

INSURANCE CUT

The horse was insured for \$45,000. His insurance, amounting to \$90,000, was cut in half last summer when his owners reduced the high premium. Black Gold will be buried in the fair grounds infield to-morrow, General Manager James Murphy announced. His grave will be dug beside that of the famous race horse, and the grave will be erected to the memory of the two highly prized horses.

INDOOR TENNIS CLUB SUCCESS; TO HOLD HANDICAP TOURNEY

At the agricultural building at the Willows the Victoria Indoor Tennis Club will hold, during the latter end of February, a handicap club tournament, which event is being eagerly looked forward to by the club members. The activities and success of the indoor tennis club are not generally known. Unsuccessful attempts were made on former occasions to form such an organization, enabling tennis players to keep up and better their standard of play, as well as enjoying this form of recreation, during the winter months. This season, however, the endeavor was crowned with success, and ever increasing interest and activity is to be noted, more so in view of the special fixtures erected, enabling play to be conducted under the best possible conditions.

Owing to repeated inquiries and to further popularize indoor tennis, the committee of the club has decided to allow the entry of a restricted number of half-season members at a fee of \$5 for the remaining portion of the season. Those desiring to avail themselves of this opportunity should apply to the secretary-treasurer of the club, J. V. Fisher, 617 Harbinger Avenue.

Will Not Turn Pro

Toronto, Jan. 19.—There was "Nothing to it" declared the father of Joe Wright, champion Canadian sculler, when he was asked concerning rumors of Joe turning professional after the English Henley and the Olympic games this summer.

WESTERN STARS HELP CHICAGO BEAT DETROIT

Hughie Lehman and Amby Moran Take Places on Black Hawks Lineup

Keats Scores; Toronto Grads Win Again; Kitchener Retain Lead

Chicago, Jan. 19.—With a revamped line-up, the Chicago Black Hawks turned back the Detroit Cougars in the only National League Hockey game last night. The Black Hawks' triumph 2-0, was their first in several weeks. They are lodged in the cellar of the American Division, however, four points behind the Pittsburgh Pirates.

Hughie Lehman replaced Gardiner in the nets for Chicago and turned in a great game. "Old Eagle Eye" played his first game this season and was an inspiration to his team. Amby Moran, who has migrated a lot in hockey, started in place of Bob Trapp on the defense. Moran recently arrived here, from Regina.

Keats scored the first goal for Chicago and Wentworth the second. The Hawks matched the speed of the invading Cougars and by the end of the game left the losers trailing behind.

The backchecking and defensive work of the Black Hawks, especially Moran and Wentworth, broke up the Detroit passing attack and held the Cougars powerless. About 4,000 fans saw the Black Hawks win.

Chicago Position Detroit Lehman.....Goal.....Hollmes Moran.....Defense.....Noble Wentworth.....Defense.....Traub Mackay.....Centre.....Foytson MacMahon.....Wing.....Hay Miller.....Wing.....Loughlin LaFrance.....Sub.....Brown McVeigh.....Sub.....Fraser Trapp.....Sub.....J. Sheppard Arbour.....Sub.....Cooper

Referee—Roddan and Ritchie. SUMMARY: First period—1, Chicago, Keats, 1-0. Second period—2, Chicago, Wentworth, 2-0. Third period—No score.

PENALTIES: First period—None. Second period—Mackay. Third period—None.

Duluth, Minn., Jan. 19.—Minnesota and Duluth ended up one-all in an American Hockey Association game here last night.

Kansas City, Jan. 19.—Kansas City defeated the St. Paul Saints, 1-0, in an American Hockey Association game here last night.

Kingston, Ont., Jan. 19.—Toronto Varsity Grads added another victory to their already long string last night by beating a composite hockey team of Kingston, Queen's and R.M.C. players, 8-2.

Toronto, Jan. 19.—The fast traveling Hamilton Tigers maintained their winning form here last night, blanking Toronto Ravens, 3 to 0, in a Canadian professional hockey league fixture.

Niagara Falls, Ont., Jan. 19.—The Windsor Hornets and the local Cataracts played a fast and furious game, with the Cataracts leading 1-1, after twenty minutes of rugged hockey in a Canadian professional hockey league fixture here last night.

London, Ont., Jan. 19.—The London Panthers suffered their eighth straight loss, and were shut out 2-0 here last night by the Detroit Olympians in a Canadian professional hockey league game.

Kitchener, Ont., Jan. 19.—The Stratford Nationals struck a snag here last night in their meteoric climb in the Canadian professional hockey league, when the Kitchener Millionaires, fighting to retain first place, gave them a 3-1 beating.

Hockey results: O.H.A. SENIOR University of Toronto 3, Peterboro 1. O.H.A. INTERMEDIATE Cornwall 4, Brockville 2. CANADIAN-AMERICAN LEAGUE New Haven 1, Quebec 1.

FIGHT TO A DRAW Salem, Ore., Jan. 19.—Phil Bayco of Salem, 125-pounder, held Chuck Heilmann, Portland, to a popular draw in ten rounds here last night.

FOREIGN STARS ARE WINNERS IN FIRST RACQUETS MATCHES

Montreal, Jan. 19.—Visiting players from London, Eng., and the United States fared well in Wednesday's play in the preliminary rounds of the singles and doubles of the Canadian racquets championship tournament.

Of the three singles matches played, two were won by representatives of the United States, while the third was captured by England. Canada, England and the United States divided the three doubles.

The outstanding match of the day was the meeting between J. C. Simpson, champion of England, and Alex. Wilson of Montreal. The former won in three straight games, playing a straight-up and down game. His speed bewildered his opponent at times.

TRAINS FOR OLYMPICS

Joe Moore, considered the fastest skater in the United States, is one of the big hopes of America for winning points in the Olympic Winter games. Moore, with a number of other prominent skaters, is now training at Lake Placid. One of his main opponents at the Olympic will be Charlie Gormah of Canada, world's champion.

Gallacher, International, Suspended For Two Months

London, Jan. 19 (Canadian Press Cable).—Hugh Gallacher, captain of the Newcastle United soccer team, and Scottish international centre forward, has been suspended by the English Football Association from play for two months for improper conduct in the Newcastle-Huddersfield game on December 31. Gallacher has also been found guilty of unsportsmanlike conduct on other occasions.

Gallacher was a member of the Scottish team which toured Canada last summer.

Programme For Winter Olympiad Announced

Opening Ceremony and Three Hockey Matches at St. Moritz on February 11 With Finals of Hockey Series and Presentation of Medals and Diplomas on February 19

St. Moritz, Switzerland, Jan. 19 (Canadian Press Cable).—The programme of the second Olympic Winter games to be held here commencing February 11 to 19 in connection with the Olympiad, follow:

February 11—Opening ceremony and three hockey matches. February 12—Speed skating over the 500-metres and 5,000-metres courses and a hockey match will form the attraction.

February 13—Long distance ski racing at fifty kilometres; speed skating over 1,500 metres and figure skating; a hockey match and speed skating over 10,000 metres course.

February 14—Figure skating, free style, for men and women, and a hockey match. February 15—Skiing, three heats; figure skating for singles and pairs, and the first and second heats in bobsleigh racing.

February 16—Long distance ski racing over fifteen to eighteen kilometres; hockey semi-finals and the third and fourth heats in bobsleigh racing. February 18—Ski jumping only.

The Winter sports programme will come to an end on February 19 with hockey finals to decide the first four places, forming the closing events. In the evening the announcements of the results and the distribution of medals and diplomas will mark the conclusion of the Olympic Winter sports.

New York, Jan. 19.—The United States apparently will enter no team in the Olympic Hockey competition at St. Moritz, Switzerland this year. This, the most observers agreed, was the practical effect of the American Olympic Committee's action yesterday in declining to approve the selection of the Augsburg College team of Minneapolis, to carry this country's colors in the Olympics on the ground that it was not sufficiently representative.

The Augsburg team, it was pointed out, was chosen only after William S. Haddock of Pittsburgh, chairman of the Olympic Hockey Committee, had met with numerous refusals from other aggregations to which invitations to compete had been extended.

Minneapolis, Jan. 19.—Augsburg College of Minnesota was notified yesterday that its hockey team had been rejected as the American representative in the Olympics, held hope last night that it might participate.

Athletic authorities at the small Lutheran institution said they would ask the Olympic committee for an opportunity to prove their team merits favorable consideration through actual competition.

New York, Jan. 19.—The American Olympic committee announced to-day the official selection of a team of three skiing experts to represent the

SOCCER TITLE REMAINS WITH RENNIES' TEAM

Hudson's Bay Fail to Beat Bakers and Wednesday League Battle Ends

Rennies Champs For Second Year in Row; Navy and Garrison Win

For the second year in succession the Pendray Cup, emblematic of the championship of the Wednesday Football League, will have to be presented to Rennie & Taylors. By virtue of their 3-0 victory over the Hudson's Bay, their most formidable rivals, yesterday afternoon Rennies eliminated the last obstacle to the great efforts they have expended to retain their honors.

Rennies have turned out a very sweet team for all their fixtures this year and have seldom been in any great danger of defeat. None of the other clubs were able to put a blot on their record and their tally for the season is eight wins and a draw. Rennies have had plenty of experience on the football field and this has aided them many times when the situations have appeared rather dangerous. Rennies have always played with their heads and, although younger clubs might cover more territory, the bakers always take the shortest route to the goal and seldom are guilty of mistakes on chances in front of the net.

MISSING CHANCES

If the Hudson's Bay had been able to halt the Bakers' onslaught any time during the Wednesday League championship would have been held in abeyance for a time. However, the Bays were not smart enough to capitalize their opportunities in the goal-mouth and were outwitted. The Bakers' defence outwitted the Bays a number of times and whenever the Bays did get through, Lomas, in goal for Rennies, used his feet and hands to advantage and cleared.

The Bays put up an interesting fight and had a fair share of the play, but they were not as capable with either their toes or their heads when in either goal area as their rivals. In the first half, Lomas held to a single goal, which came off the noodle of Cyril Speck, who headed through a good centre from a corner kick.

DAVIES SCORES TWICE In the second half Rennies made good use of their opening and scored twice, both goals coming from the boot of "Dutchy" Davies. The Bays made some fine rallies and fought doggedly in an effort to equalize, but they were frustrated by careful play by the Bakers' backs and a little over-anxiousness when near the goal.

Kerr refereed. The team of Rennie & Taylor, Lomas, Newman, Gilbert, Rutledge, Tupman, Stewart, Taylor, Field, Speck, Hay and Davis. Hudson's Bay—Shrimpton, Hagan, Gardiner, Oshman, Woodley, Kerchin, Collier, Fish, King, Mair and Hansen.

Two other games were played in the Wednesday League yesterday afternoon but neither had any bearing on the outcome of the league. The Garrison defeated the Tillamooks by 3-2 and the Navy scored with a 3-2 win over Seattle United.

The Tillamooks were able to tie up the score at one stage of their match with the Garrison but could not withstand the added pressure of the Tommies towards the close and were beaten. Each team scored three times in the first half. Garrison scored the first, the second for the Garrison. The Tillamooks then delivered a goal through Rigby only to have the Garrison score again. The Garrison's Tommies discount this with a score of 3-2. A determined offensive by the Tillamooks resulted in Sewell shooting two goals, which evened the count.

WIN IN SECOND HALF In the second half the Garrison added two more goals to their credit, when Parrat and Craig found openings. The Tillamooks had some good chances to score but failed to succeed and any game ended with their two goals only.

Garrison—Branch, Moorehouse, Burndock, Middleton, Quinn, Lindgren, Tillicum—Balfour, Bains, Armstrong, Mercer, Wright, Sewell, Cann, Hamer, Clark and Rigby.

NAVY VICTORIOUS Three goals scored in the first half were enough to give the Navy their win over Seattle United. The Navy scored through Brown, but before the half time whistle Gae added another.

The second half found Seattle going under full pressure but they presented a stout defence and the Navy were only scored on once, Hawks making the count. There was plenty of hot play before the final whistle sounded.

The teams were: Navy—Temple, Hall, Prizneau, C. Whyte, Roberts, Dyson, Cosier, Cook, Gee, Hutton and Thwaites. Seattle United—Tochy, Ash, Horgan, Barry, Love, Stonier, Brown, Moir, Hawkes, Speller and Ralph.

New York, Jan. 19.—Devereaux Milburn, rated by many experts as the greatest polo player of all time, has decided to retire from international competition.

A dominant figure on every American "big four" since 1909, Milburn will be forty-nine years old when the next international matches roll around and "that's too old for international competition," he said to-day.

Monthly Competition At Oak Bay on Jan. 22 On January 22 the fifth monthly competition will be held at the Victoria Golf Club. It will consist of eighteen holes, match play for handicaps will be three quarters of the handicaps and allowed. Competitors will choose their opponents and arrange their starting time. Post entries will be received.

Rickard And Tunney To "Pick" Opponent

Tex Leaves for South to Spend Month With Heavyweight Champion—Fixing Up Next Fight; Heeney Wants Too Much to Fight Delaney and Bout Is Up in Air; Paolino Definitely Eliminated From Series But Has Two Fights in View

New York, Jan. 19.—Tex Rickard was on his way south to-day to pick a "logical" opponent for Gene Tunney.

The promoter left last night for Miami, Florida, where he plans to spend four weeks with the heavyweight champion at golf and conferences. On February 7, Rickard will post \$100,000 to bind an option on Tunney's services for 1928, and around the same date he thinks he will have decided who, among the present crop of contenders, will get the next opportunity to knock the crown from Tunney's head.

Bays Capture Only League Hoop Game That Went Through

Defeat Navy Easily in City League Last Night; Foresters Win By Default

The results of the games played last night in the City Basketball League at the Centennial Gym were as follows: Onwegos defeated the Foresters. V.M.D. 14, Canadian Scottish 10 (exhibition).

Hudson's Bay 38, Navy 14. The Onwegos failed to have five men on the floor when time was called and as a result lost to the Foresters. An exhibition game was arranged, however, and the Onwegos won by two points. The score was 22-20.

GAME POSTPONED The Axioms-Red Bird contest was called off and the V.M.D. took on the Canadian Scottish in an exhibition game. Although a little light and seemingly bothered by not having room to move around, the Scottish put up a good fight and should give the V.M.D. a run for their money next time. The V.M.D. quickly gained the lead and were never in any great danger. The score was 14-10.

The teams were: Canadian Scottish—H. Killick, B. Killick, Acres, Craig, Turgoose, B. Bissell 4. V.M.D.—Blair 6, Viggers 4, Marchant 2, Massick, Mitchell and Viggers 2.

BAYS WIN The Navy were without several of their best men but played strongly only to lose by a 38-14 score. The sailors held the Hudson's Bay better in the first half, the score standing 10-8 at half time. After that the Bays ran in basket after basket to emerge with their long string of victories still intact and to advance another rung on the long ladder that leads to the "C" section championship. Patterson scored sixteen points for the Bays.

The teams were: Bays—Addis, Patterson 16, Watson 4, Mawry 8, Brown 2, Tupp. Navy—Barr 2, Barker 8, Jones, Putman, Burr, Duemmett 4, Lewis.

OUTSIDE FIGHTERS TO MEET LOCALS IN INTERESTING BOUTS A good boxing card is promised at the Tillamooks Club on Saturday night when a number of Seattle and Ladysmith fighters will be here to take on the pick of Victoria.

The names of the Seattle boxers will be announced to-morrow. A Sprunston of Ladysmith, has been matched with Petty Officer Mason, of the Navy, at 147 pounds.

Scotty Sinnott and J. Simpson, of Ladysmith, will step a few rounds at 145 pounds. Opponents are to be found for Tim Keast and Clarence Leask, two promising local boys, while Danny Pasto and Dick Hudson will meet again and settle the bout, which ended rather unsatisfactorily last week when the latter tumbled out of the ring.

Harold Bailey, Harold Hall, Cliff Dawley, Bruce Low, H. Sutton and Jack Proby will be among the other fighters who will be seen in action.

Lamy Badly Hurt Saranac Lake, N.Y., Jan. 19.—Edmund Lamy, former national and international amateur speed skating champion and for many years professional title holder, suffered a fractured and dislocated shoulder yesterday when he fell from a dark railway in a local garage. The injuries will keep him off the ice for the balance of the winter.

Canadian Rinks Win Hibbing, Mich., Jan. 18.—Canadian rink won the international event at the Northwestern bonspiel here yesterday. Seven Canadian rinks from Winnipeg played United States representatives and won 72 to 51.

COULD NOT MATCH THEM

Rickard caught his train last night after a long and fruitless conference with the managers of Jack Delaney and Tom Heeney, whom he hoped to match in a fifteen-round elimination bout at Madison Square Garden March 1. Delaney was willing, but Charlie Heeney, manager of the New Zealand, admitted he was not keen about it, and accompanied the expression of opinion with a demand for 35 1/2 per cent of the gate.

That broke up the conference. Rickard left the solution of the tangled situation to John H. Chapman, "car" of the six-day bicycle race game and newly-elected assistant general manager of the Garden.

SHARKEY CONSIDERED Efforts are to be made to match Jack Sharkey, who lost some prestige in his draw battle with Heeney last week against Johnny Riako, of Cleveland. The latter makes a specialty of taking the logic out of "logician" contenders. This match, if it goes through, will be a fifteen-round affair at the Garden March 12.

Paolino Uscudini, Rickard disclosed, no longer is being considered in plans for developing an outstanding challenger for the heavyweight title. The Spaniard, incidentally, leaves soon for Mexico City, where he fights Quintin Romero, the Chilean, January 20. Next month Paolino meets George Goffey, at Los Angeles.

Although he spent most of the day with the heavyweights, Rickard found time to close a match between Sid Terris, of New York, and Jimmy McLarnin, of Vancouver, B.C. They will battle at the Garden February 24. The winner probably will get a championship bout with Sammy Mandell.

Canadian Rinks Win Hibbing, Mich., Jan. 18.—Canadian rink won the international event at the Northwestern bonspiel here yesterday. Seven Canadian rinks from Winnipeg played United States representatives and won 72 to 51.

TO-DAY'S GRAIN MARKETS

(By Branson, Brown & Co. Limited)
 Winnipeg, Jan. 19.—Wheat: Cables coming stronger than due was the cause for higher prices on this side today. Opening prices here were 1/2 higher and the further fractional gains were made, but offerings became quite liberal, the pool being credited with having plenty wheat for sale. However, there was a good buying power in evidence, strong local houses were again accumulating, wheat, and the market was able to hold very firm just under top levels.

Locals appeared to be buying May and selling July and October, while seaboard houses continue to take October in a moderate way. Export business was difficult to get a line on, but local shippers reported fair sales through their eastern agencies on No. 4, 5 and feed wheat, it apparently being the best buyer.

Demand from Vancouver somewhat easier, although the Orient is still interested in the lower grades at present levels. Fairly large flour sales reported for export, for January shipment, but this could not be confirmed. Locally, offerings of toughs are increasing with buyers backing about 1/2. Spreaders were half cent lower to a fraction higher.

There was not much change in the general news. Some moisture has been received in parts of winter wheat belt, but more would be welcome, and the dry districts of Kansas have received no relief. Broomeham reported a better milling demand for wheat with considerable speculative buying of the July future with offerings from Canada somewhat firmer held. Argentine market held quite firm with good export business reported. Shipments from that country this week are estimated to total about 6,000,000 bushels. The weather in the West is now turning colder, but prospects for more than a trading wheat market within a moderate range.

Coarse grains: Exporters were again buying barley and fair overnight business was reported. There was a fair domestic demand for oats mainly from Eastern Canada. The rye market was dull with demand very slow, but prices followed the trend of wheat and closed 1/4 to 3/4 higher.

Flax: This market was rather featureless, but firm. A little spreading buying Winnipeg futures against sales at Duluth.

Whitney Predicts Steel Will Not Break Below 141

New York, Jan. 19.—(Branson, Brown & Company Limited).—Whitney of the Wall Street Financial Bureau says:

"Yesterday's market virtually came to a standstill in so far as both volume of trading and changes of prices were concerned as result of the necessity for measuring the effect of changes in the federal reserve policy, whereby the system has become a seller of securities rather than the purchaser, which it has been for at least several years. In addition to this the market was called upon to consider the possible effect of the LaFollette resolution, which has as its basis the contention that merchants, manufacturers and farmers are at a disadvantage in their dealings with banks, as a result of the alleged favors shown borrowers where the use of the funds facilities stock market speculation. At the moment, however, it appears that we have simply witnessed the first signs of some using which will not assume major proportions of serious market effect until a later date, much in the same manner as we had a month ago a rather serious market situation brought about by a similar market effect which has since cleared up, and allowed a resumption of speculative advances on the part of pools which had their stocks well in hand. The market has come forth and all commitments in the group should be maintained for higher prices. I believe the next important move will be in Chrysler, Asphalts, Allied Chemical, Westinghouse Air Brake, Corn Products, Fleischmann, Distillers, Refractories and Pullman. I do not expect Steel to break 141 on this move, and when it turns the market will go with it. Victor Talking machine is planning a 33 dividend rate and retirement of the preferred stock. The common looks higher here. Prospects of the market are particularly stubborn short interest, so be sure not to join an overcrowded position by adding your sales."

"I believe the entire matter will at least temporarily blow over and that the advances for which we have been looking will be witnessed without much additional delay, though the 'long distance' outlook of the market is beginning to show a cloud or two. The market has come forth and all commitments in the group should be maintained for higher prices. I believe the next important move will be in Chrysler, Asphalts, Allied Chemical, Westinghouse Air Brake, Corn Products, Fleischmann, Distillers, Refractories and Pullman. I do not expect Steel to break 141 on this move, and when it turns the market will go with it. Victor Talking machine is planning a 33 dividend rate and retirement of the preferred stock. The common looks higher here. Prospects of the market are particularly stubborn short interest, so be sure not to join an overcrowded position by adding your sales."

Bank of Toronto Officials to Change

Toronto, Jan. 19.—John H. Lamb, vice-president of the Bank of Toronto, who for a number of years has fulfilled the duties of general manager, announced today that a new general manager and vice-president would be appointed.

Mr. Lamb will continue as vice-president, and it is understood that H. B. Herwood, assistant general manager, will be appointed general manager, and F. H. Marsh, present western superintendent, assistant general manager.

At the annual meeting to-day, Mr. Lamb reported a favorable year during 1927, the bank's profits after payment of dividends and interest on the institution to carry forward \$165,000. Deposits of the bank increased 812,000,000 last year.

Toronto Stock Market

Toronto, Jan. 19.—Trading was rather light on the Toronto Stock Exchange to-day and the market was very firm. International Nickel continued its upward trend, closing at 91 1/2. Building products, after selling up to 37, closed at 36 1/2, a gain of one point.

Mr. Burt made a gain of 1/4 to 91 1/2, while Dominion Stone closed at 121 1/2, was up three. Alberta Grain sold up 1/4 to 60 1/2. Winnipeg Railway gained 1/4. Cockshutt Preferred was the strongest feature of the market, and after selling up to 122, closed at 121 for a gain of 1/4. Service Stocks sold up 1/4 to 42 1/2.

MURDER PROVED SAYS COUNSEL FOR CROWN

Resists Plea to Reduce Charge Against Burgess and McKenzie

No Evidence of Provocation Before Freight Car Attack

Charging that counsel for the convicted men had sought to raise issues not pertinent to the case but which might afford an opportunity for a jury to shirk the responsibility of finding two young men guilty of murder, A. M. Johnson, K.C., presented the Crown's argument yesterday to the Court of

Appeal on the appeal of George Burgess and John McKenzie against the sentence of death for the murder of Otto Bosch last Summer between Mission City and Ruby Creek.

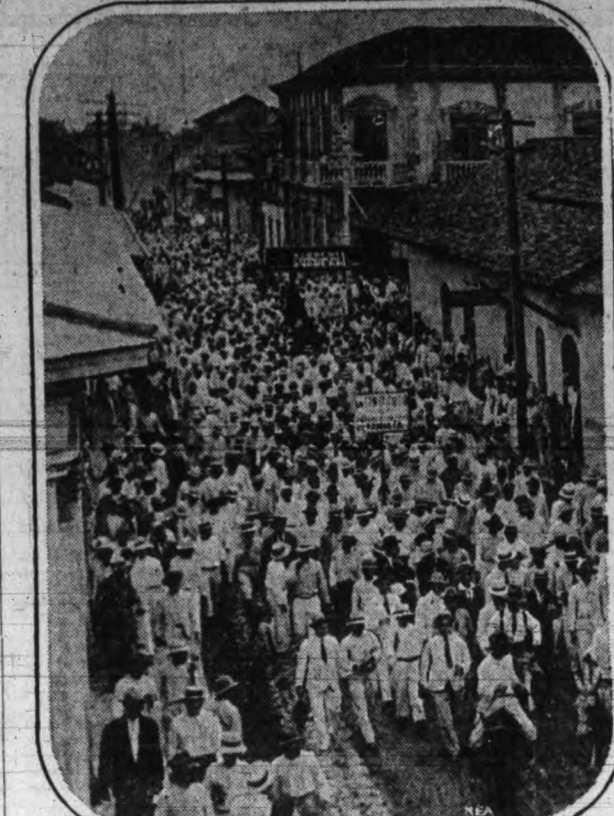

Did these two men assault with the intention to rob and was that assault the cause of death? was the question to be answered said Mr. Johnson. If they did, he said, it was murder. Counsel for the convicted men, he said, had endeavored to raise the question of surgical interference as an issue in the minds of the jury. Medical testimony showed that surgical interference had nothing to do with the man's death, he said. An operation was performed to relieve the concussion, but that operation, Mr. Johnson emphasized, was not the cause of death. Had he as Crown counsel been instructed that surgical interference was the cause of death he would have developed that point at the trial. He had not been so instructed and why, he asked, should the Crown raise a collateral issue to give the jury, to use a slang term, a "hoop to jump through," which might give them an opportunity to avoid finding them guilty of murder.

Mr. Justice McPhillips remarked that many records from the Vancouver hospital, which could have been produced.

"I did not want," said Mr. Johnson, "to give the jury an opportunity to go into the jury room and ponder over the question, 'did this doctor kill him and not Burgess?'"

NOT AN ISSUE

Regarding the point of whether more surgical evidence should have been called by the Crown on this point, he said it was not an issue at the trial. "If it is not pertinent to the issue it is our duty to keep it out and not

HOW LINDERBERG SAW A FAMOUS STAGE SCENE IN MANAGUA, NICARAGUA, was photographed on a recent holiday, and shows how the capital looks when the populace is out having fun. The same scene met the eyes of Colonel Charles Linderberg when he arrived in Managua on his tour of Latin-American countries.

allow the jury to avoid their responsibility.

"Where is there a little of evidence of provocation?" asked Chief Justice Macdonald.

"There is none" replied Mr. Johnson.

"If there had been evidence of a fight or a conflict it might have been left to the jury to decide if manslaughter should be considered, but there is not the slightest tittle of evidence of anything of the kind."

Mr. Johnson proceeded to read evidence of Rieberg's regarding the attack on the two Hollanders by McKenzie and Burgess. This, he said, exploded the myth that Bosch died from striking his head on a pole in the truck. Witness swore, he said, that he saw Burgess striking Bosch. Rie-

bergen swore that what McKenzie struck him with was not his fist and it was a fair presumption that Burgess did not use his fist.

Mr. Johnson pictured the flat car in which the four men rode after the Hollanders had been coaxed from another car, and Bosch playing a mouth organ while Rieberg sat with his head bowed. The fact they were enticed there, he said, indicated the common purpose of the convicted men to rob the two men who they thought were in possession of \$50 instead of the small amount on them. He recalled evidence of threats of the convicted men to throw Rieberg and Bosch off the train at a dangerous part of the line where they would have crashed on the rocks.

There was not one bit of evidence,

LETTERS OF QUEEN VICTORIA PUBLISHED

New York, Jan. 19.—The third volume of the letters of Queen Victoria, including entries in her journal and covering the period between 1879 and 1885, was issued yesterday by Longmans, Green & Company.

The book portrays, through her writings, Victoria the Good at the height of her power and full of ardor for the Empire's prestige and welfare. She insisted the campaigns in India and the Sudan and Africa be fought to a finish, and rated her ministers like schoolboys when she discovered in them a lack of ambition for the Empire.

In July, 1879, for instance, she wrote to Beaconsfield: "One great lesson is again taught us, but it is never followed, never let the army and navy down so low as to be obliged to go to great expenses in a hurry. If we are to maintain our position as a first rate power, we must, with our Indian Empire and large colonies, be prepared for attacks and wars somewhere or other continually. And the true economy will be to be always ready."

CHANGE OF MINISTRY

On September 21, 1879, she wrote a letter to the Marchioness of Ely. She apparently expected the overthrow of the Ministry and set forth certain declarations which she wished conveyed to the "principal people of the Opposition," as the things which "she could not consent to."

She presented a memorandum to the East and in the colonies and noted that England "of late years has quite

gone down, so that we are despised abroad."

She said she should "never give way about the Scotch Church," which was the stronghold of Protestantism.

CABINET FORMATION

"In some way," she wrote, "I never could take Mr. Gladstone or Mr. Lowe as my Minister again, for I never could have the slightest particle of confidence in Mr. Gladstone after his violent, mischievous and dangerous conduct of the last three years, nor could I take the latter after the very offensive language he used three years ago against me."

Nevertheless, after these and other strong expressions about Gladstone, the Queen had to accept him as Prime Minister the following year.

The Queen did not altogether approve of the Speech from the Throne which Gladstone prepared in 1881. She wrote of negotiations between herself and her Ministers over the matter. She presented a memorandum to the Ministers, but upon their objection, presented through Sir H. Ponsonby, she said she would send the memorandum directly to Mr. Gladstone and would hold a meeting of the Privy Council.

Her journal says: "Dreadfully put out, they at last came in after four, including Lord Sydney. The business was hurriedly gone through and the Speech approved. I spoke to no one and the Ministers nearly tumbled over one another going out. My headache had got very bad."

GLADSTONE'S CRUISE

In September, 1883, Mr. Gladstone got a typical royal soiling for going off on a cruise and meeting foreign sovereigns.

In her journal she gave him full credit for not having reflected at the time when he decided to extend his

cruise to Norway and Denmark that he ought not to do so without communicating first with his Queen.

"The Queen can not deny," she wrote, "that she was very much surprised at his visit to the latter country, especially at this moment when the Emperor of Russia and the King of Greece are staying there."

Life Underwriters Elect Officers

Toronto, Jan. 19.—At the annual meeting of the Life Underwriters Association of Canada, held in the King Edward Hotel here, the following officers were elected for 1928: Hon. president, J. T. McCay, C.L.U., Dominion Life Assurance Co., Vancouver, B. C.; president, J. B. Hall, C.L.U., Sun Life Assurance Co., Toronto; vice-president, Hugh Cannell, C.L.U., Mutual Life Assurance Co. of Canada, Montreal; hon. secretary, W. C. Laird, C.L.U., London Life Assurance Co., Toronto; hon. treasurer, S. C. Vinen, C.L.U., Canada Life Assurance Co., Toronto; registrar, J. G. Taylor, C.L.U., Mutual Life Assurance Co. of Canada, Toronto; chairman of educational committee, F. Robinson, C.L.U., Mutual Life Assurance Co. of Canada, Toronto; chairman of publicity committee, F. T. Stanford, C.L.U., Canada Life Assurance Co., Toronto.

Elected members of the Executive Council: J. J. McSweeney, C.L.U., London Life Assurance Co., Toronto; O. B. Shorty, C.L.U., North American Life Assurance Co., Toronto; W. B. Peace, C.L.U., Manufacturers' Life Insurance Co., Toronto.

The various reports of officers and committees submitted to the meeting made it apparent that 1927 had been a year of substantial progress.

N.P.F.'S TO DEBATE BEER

Toronto, Jan. 19.—The Ontario Legislature will open in three weeks, and, according to The Toronto Star, it is possible the question of the sale of beer by the glass may be a live issue at the session.

Feen-a-mint

The "Chew-Chew" Route to Joyous Health

The children will take it gladly (and so will the grown-up folks).

It's just as delightful for chewing as is any other dainty, candy-coated, mint-flavored gum confection.

Yet "Feen-a-mint" contains science's most effective laxative principle, phenolphthalein (yellow). More over, chewing this tasteless medicine increases its easy, natural action in ending internal inactivity and ridding the system, without shock or after effect, of all poisonous waste.

Chew a "Feen-a-mint" tablet tonight until the flavor is gone—and feel joyously healthy in the morning!

Feen-a-mint The Cheewin' LAXATIVE

Men who enjoy smoking—who like the best of everything—are particularly fond of PICCADILLY, a famous smoking mixture, in which flavor and soothing satisfaction are perfectly blended.

DISASTROUS WINTER FOR BOATS ON GREAT LAKES

Duluth, Minn., Jan. 19.—Many a tale of horror, sealed by unwritten law in the minds of tight-lipped sailors, has gone into the ghost record of Great Lakes shipping during the last few winters because icy gales, treading quickly on the heels of Autumn, have caught skippers and owners unawares.

Last winter ship owners lost hundreds of thousands of dollars when winter locked twenty odd freighters in the ice in lower Lake Superior.

This winter boisterous winds roaring down from the north have caused virtually as great havoc and added many stories of heroism to the saga of the lake.

LAKE SUPERIOR STORMS

Lake Superior this year bore the brunt of the devastation that saw 600-foot steamers tossed about by huge waves.

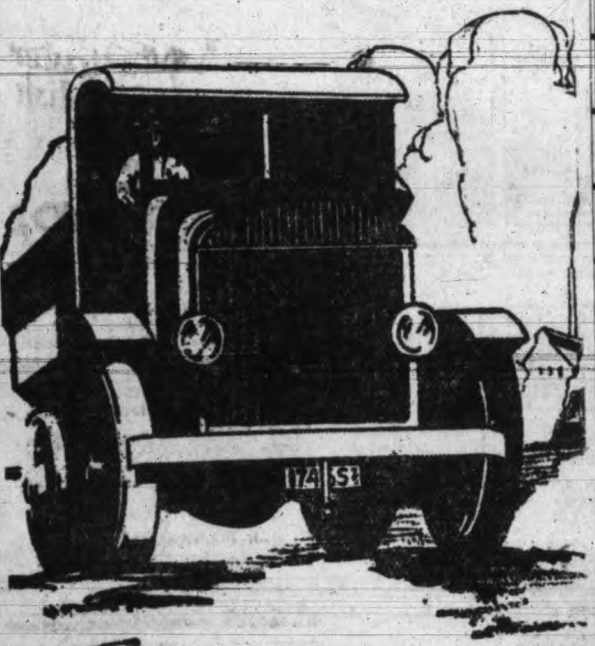

Courageous men are those who sail the lakes after December 1, for after that date insurance companies consider the risk so great that rates are doubled, making only emergency cargoes profitable. This year, the gales were so severe that after December 13 insurance agents refused to gamble at all.

IRISHMAN WINS

Ocean Park, Cal., Jan. 19.—Pat Sweeney, Irish bantamweight, defeated Johnny Torres, Los Angeles boxer, by the decision route in an eight-round bout here last night.

MANILA BOXER BEATEN

San Francisco, Jan. 19.—Johnny McCoy, El Paso, Texas, bantamweight, won a ten-round decision over Trip Limbaco, of Manila, at National Hall here last night.

COASTGUARDS LEAP ABOARD RUNNER AND EFFECT CAPTURE

Canadian Vessel Seized Off Staten Island With \$500,000 Worth of Liquor

New York, Jan. 19. (Canadian Press)

"Steady men—All the heroic trimmings accompanied the capture in the dark of the moon yesterday of the Canadian trawler Standard Coaster and a half million dollars' worth of whisky. The slight men of the trawler's crew were held aboard their boat by the United States coastguard.

As the Standard Coaster, running with a full cargo of whisky, the full power of her engines, sheared through the black narrows off Staten Island, three young coastguards crouched in the bow of the patrol boat, CO-304. Gradually the government boat narrowed the strip of water between her bow and the foaming stern of the alcohol-laden trawler.

"Steady," shouted the boat's crew, "he yelled, 'board her.' The three guardsmen, revolvers in hand, leaped for the speeding runner and two of them, feeling the planks beneath their feet, called on the crew to surrender. The third guard's foot slipped and he plunged into the water between the two boats. While the patrol boat circled to pick up the man in the water, the captain of the trawler was forced to slacken speed before the guns of the successful jumpers.

Half an hour later the trawler was in the toils. She had on board 5,000 cases of whisky. She was said to have come from Philadelphia or Liverpool, N.S.

Early this winter nineteen men of the steamer Lambton, their vessel buckled amidships, reached shore after chopping through two feet of ice encasing the vessel. Then they had to walk waist deep through snow several miles to a logging camp.

Coast guardsmen, after a gripping forty-eight-hour fight with a near-hurricane, rescued twenty-five men from the Canadian steamer Alondra, which had pounded apart in the middle. The crew of a tug, after equally heroic efforts, saved the crew of twenty stranded on the wrecked steamer Agave.

But the actual devastation probably will be unknown until spring when the ice goes out. Then hulks of ruined ships will be revealed, and marveled at by pleasure seekers touring the lakes under the protection of summer weather.

RUNS AGROUND IN SAN PEDRO HARBOR

San Pedro, Cal., Jan. 19.—The Swedish passenger and freight motor liner, Axel Johnson grounded yesterday in backing out from her dock in the outer harbor. Tugs assisting the liner were unable to float the vessel within half an hour of the mishap. The Axel Johnson arrived from San Francisco and was departing for the continent via the Panama Canal.

SNOWSLIDE BRINGS TROUBLE AT KASLO

Day's Effort With Plow Fails to Make Impression on Huge Slide

Nelson, Jan. 19.—A day's efforts with a wing snowplow having practically no effect on the big snowslide at Kaslo on the C.P.R. Kaslo and Nakusp branch, which is about 400 feet long and thirty feet deep and in a cut with half of the normal slide still on the mountainside to come down. Division Superintendent Robert Armstrong has referred to General Superintendent C. A. Cotterell at Vancouver the question of whether to go to the expense of opening the line by ditching, or operating local services on either side of the slide as at present.

Kaslo board of trade held a special meeting Wednesday and wired to Mr. Cotterell protesting at the proposal to leave the line blocked until spring. It also wired to Mayor W. H. Burgess of Kaslo, and R. H. "Pat" Stewart, representative of the Victoria Syndicate, both of whom are at present in Vancouver to support the protest.

Homeric, Bringing W. T. Cosgrave, Is Held By Weather

New York, Jan. 19.—The liner Homeric, bringing William T. Cosgrave, President of the Executive Council of the Irish Free State, will arrive in quarantine late tonight, more than twenty-four hours overdue, officials of the line said.

The lateness of the ship's arrival, owing to bad weather, caused postponement of the public reception planned in his honor.

Vessel Movements

Bremen, Jan. 16.—Arrived: Indian, San Francisco.

Yokohama, Jan. 16.—Arrived: Iahin Maru, Seattle; Shiraha Maru, Portland.

Belfast, Jan. 17.—Arrived: Ethel Freda, Portland.

New York, Jan. 18.—Arrived: Plow City, Watertown, San Francisco.

Bremen, Jan. 14.—Sailed: Justin, San Francisco.

Dalren, Jan. 17.—Sailed: West Kaber, Portland.

Hull, Jan. 17.—Sailed: Pearl Moore, Portland.

Panama Canal, Jan. 17.—Sailed: J. I. Luckenbach, Esparta, San Francisco.

Hong Kong, Jan. 17.—Sailed: President Grant, San Francisco.

BODIES OF WRECK VICTIMS BURIED ON WEST COAST

The bodies of Capt. W. L. Kerr, M. S. Wall, M. H. Elvey and Harry Williams, who were drowned when the schooner Noble drove ashore near Esquimalt on January 6, have been buried not far from the scene of the tragedy, according to word received from Coroner L. Hanna of Port Alberni.

Three bodies were recovered soon after the sinking of the schooner, and that of Captain Kerr was found wedged beneath the hull when salvage men made an inspection of the wreck at low tide on Tuesday.

The figures as they were presented to Premier Howard Ferguson constitute a record showing in the history of the road. Transportation revenue increased from \$4,500,000 in 1926 to \$4,837,750 in 1927. Net earnings jumped from \$952,983 to \$1,211,880.

During the year the railway paid over \$1,300,000 to the Provincial Treasurer, which was \$88,425 in excess of its actual net earnings. In addition to the surplus which it earned last year the road took care of all its own financing charges.

The year just completed marks twenty-five years of operation of the railway, when commenced in 1902 with only a few miles of line and has since grown to an enterprise representing a \$36,000,000 investment.

ONTARIO RAILWAY SHOWS STEADY GAINS

Toronto, Jan. 19.—A striking reflection of the prosperity and development which Ontario's North Country is enjoying is shown in the increased earnings of 29.36 per cent which the Temiskaming and Northern Ontario Railway announced for the year just closed.

The figures as they were presented to Premier Howard Ferguson constitute a record showing in the history of the road. Transportation revenue increased from \$4,500,000 in 1926 to \$4,837,750 in 1927. Net earnings jumped from \$952,983 to \$1,211,880.

During the year the railway paid over \$1,300,000 to the Provincial Treasurer, which was \$88,425 in excess of its actual net earnings. In addition to the surplus which it earned last year the road took care of all its own financing charges.

THE TINYMITES
STORY BY HAL COCHRAN—PICTURES BY KNICK

(READ THE STORY, THEN COLOR THE PICTURE)

The Tinies scampered on, and then they reached their cracker box again. The cracker horses they'd removed were sprawling on the ground. Wee Scouty stood on their feet and every one looked very neat. He tried to make them neigh, but not a one would make a sound.

Then Clowny started quite a fuss. "Why did they give these things to us? We can't have any fun with them as long as they stand still. I'd like to ride one. 'Twould be fun, but shucks I guess it can't be done." Wee Coppy answered, "What's the use? You'd only take a spill."

"Don't try to tease me," Clowny said, "cause teasing's something that I dread. I've taken lots of falls, but never from a horse like this. You think I'm clumsy, but you're wrong. I'm really very brave and strong. I merely have bad luck and that's what makes things go amiss."

Then Carpy climbed down from some rocks, and said, "What else is in our box. We may find lots of other things. Let's look inside and see." So, all the Tinies gathered near the box 'cause there was naught to fear. Said Scouty, "When we lift the lid, be careful as can be."

"Hey, wait!" said Coppy to the bunch.

Gray GOES TO YOU
—don't have to use crude dyes and you needn't endure gray hair. Kolor-Bak is a clean, colorless liquid which gradually brings hair to the color it should be, whether blonde, auburn, brown, or black. Your hair doesn't even lose its lustre—and the scalp actually benefits. Sold on a money-back guarantee by druggists and department stores.

To-morrow's Horoscope

FRIDAY, JANUARY 20, 1928

Astrologers read this as a threatening day in which many malefic aspects are operating.

For those who seek employment there is a faint hope of success, but they should be careful not to accept small wages, astrologers declare.

Business matters may be easily disturbed under this direction of the stars and it is well to postpone all new ventures.

Lawyers should be wary in personal contacts to-day, for they will be unjustly criticized, in all probability.

Uranus is in an aspect that bodes ill for well-balanced decisions and it is wise to defer definite moves in important matters.

This is read as an unlucky day for the skies, but for proper development in new enterprises.

LEATHER PRICES TO RISE, IS REPORT

Toronto, Jan. 19.—Prices of leather are due for a sharp rise within the next few months, according to the Tanners' Association. Fraser M. Moffatt, president of the Tanners' Council of America, says: "An examination of the world situation leads inevitably to the conclusion that during the past five years the world has been consuming more leather than it produced. During this time it has been drawing upon stocks which existed. These stocks are now exhausted and world requirements have to be met out of current world production."

In 1927 there were 3,160,000 hides as against 7,441,000 hides in 1922; 3,348,000 sides sole leather in 1927 as against 11,611,000 in 1922; 4,857,000 sides upper leather in 1927 as against 8,497,000 in 1922; and 32,084,000 pounds of offal in 1927 as against 22,289,000 pounds in 1922.

Raising cattle in Canada and the United States for the past five years has not been a profitable business, it is stated, and as a result herds have

been allowed to dwindle. This depletion has been so serious that today there are 10,000,000 less head of cattle than in 1922—a reduction of sixteen per cent. During the rebuilding of these herds, cattle supplies are bound to be short in both countries with the very probable effect of a further sharp rise in the price of hides.

Sidney

Sidney, Jan. 19.—The North Saanich Liberal Association will hold a meeting in Matthews' Hall on Saturday evening, January 21.

The second series of the high score for cards will start on Monday evening, January 23, at the Deep Cove Social Club card games. The club members are holding one of their popular dances on Friday, January 20, with Benfield's orchestra in attendance.

The North Saanich Social Club members held their weekly card party on Saturday evening with eleven tables in play at progressive five hundred prices for the evening's play being awarded to Mrs. Carter and A. Creamer. Refreshments were served by the lady members, and the remainder of the evening was spent in dancing, music being supplied by Miss Florence Hambley and B. Boshier.

Every Cold is Serious

Any cold is serious enough when the dreadful possibilities are considered, but when there is soreness or tightness in the chest and a dry hard cough, you can look for bronchitis, which is often confused with an ordinary cold.

It is usually known by aching limbs and body pains, chills, fever, weariness and weakness, pain in the chest and a tight, tearing

cough. Fever, dry skin, thirst, coated tongue and constipation are other symptoms.

Dr. Chase's Syrup of Linseed and Turpentine seems almost like a specific for bronchitis because it is so successful in loosening up the cough, aiding expectoration and preventing the inflammation from reaching the lungs.

Syrup of Linseed and Turpentine

Traveling Library Is Bringing Books To Many Isolated Parts Of B. C.

Extension of Existing System Seen by Experts as
Solution of Library Problem Here; Book-lovers
Asked to Explain Needs to Investigators

Now British Columbia is taking care of the library needs of its people, and how it can improve its library system are outlined in a bulletin issued by the British Columbia Library Survey. Discussing the work of the provincial Library Commission it says:

In many respects, the most interesting and important duty of the British Columbia Library Commission is that of administering the traveling libraries maintained by the Provincial Government.

In older parts of the world, public library service to the cities and towns had been fully developed for a couple of generations before the needs of the rural districts were recognized. In 1883, the State Library of New York made the first systematic effort by public authorities to supply this need. The solution offered was the organization of a system of traveling libraries.

IN FRONT RANKS

Five years later British Columbia made its first effort in this direction and ever since that date it has maintained a position well in the front ranks of Canadian provinces, insofar as its system of traveling libraries is concerned, at all events.

The Public Libraries' Act of 1919, under which the traveling libraries of the province are administered, provides as follows:

Sec. 11.—"The Commission shall be charged with the management of the Provincial system of traveling libraries, and shall, out of the moneys from time to time appropriated therefor by the Legislature, operate, maintain and develop the same for the benefit of the unorganized and sparsely populated districts of the Province."

Sec. 12.—"The Commission may extend the traveling library system to include special collections of books which may be loaned to libraries, associations, communities and organizations upon such conditions and subject to such regulations as the Commission may prescribe."

BOOKS PURCHASED

Since 1920-21, the Commission has spent a total of \$279,536, or an annual average of \$3,993.05, on the purchase of "books,"—chiefly for the traveling libraries. Of course the present value of the books is not equivalent to the total purchase money. Books in frequent use deteriorate rapidly; the average life of such a book being from three to five years. The proportion of books in any small library that still remain a really valuable asset after ten years is small. There is always a place for perennial classics, but generally speaking, even if it is not actually worn out, a book goes out of date and ceases to be in demand before a decade has elapsed. Indeed very many books for which there is the greatest demand will not last three years. An annual expenditure of at least one seventh of the total value of the books of such a collection is necessary to take care of actual depreciation. This is indeed a very conservative estimate.

The books selected for a traveling library are chosen from the general stock now totaling nearly 35,000 volumes, with the needs and desires of the special community in mind. Requests for literature of a specific type, and even for specified books, are welcomed and always granted insofar as the limitations within which the Commission operates will permit.

MANY USE BOOKS

In 1925-26, 276 traveling libraries, containing 23,232 volumes, were sent out from the office of the Commission at Victoria. Statistics as to the use of the books are very incomplete, but there is record of 11,521 persons having among them borrowed 43,656 volumes of fiction, 12,779 volumes of non-fiction and 18,192 juveniles from the shelves of our traveling libraries. Doubtless the actual number of readers of these volumes was considerably greater. The returns for the current year are expected to reflect rapidly increasing appreciation by the general public, particularly in rural and frontier communities, of the advantages of the book service rendered available to all parts of British Columbia by its Government traveling libraries.

An application for the use of the library is signed by ten adult residents, who make themselves responsible for the welfare of the books, agree to lend them free of charge to all persons in the community, choose the librarian, and decide where the books are to be kept.

The Commission pays the freight on every out-going library and no fees are charged to the recipients. The borrowing community, however, pays the return freight charges.

COLLECTIONS LOANED

Unless special provision is made to the contrary, each such collection of books is loaned by the Commission for a stated period, usually six months, when it is returned to headquarters to be exchanged for a new library. Experience has shown that, generally speaking, if a library of this size and type be allowed to remain longer than six months, interest wanes, use declines, and books get lost.

If your community is not already supplied with a library, and desires such service, you are invited to state your wishes on one of the Application Cards supplied by the Commission. Correspondence in this connection may be directed to Mr. Herbert Killam, Secretary Public Library Commission, Parliament Buildings, Victoria. It may not be possible at once to grant every petition for a traveling library, but such requests will be sure of due consideration and will provide valuable guidance in framing the financial estimates for the following year.

ASK CO-OPERATION

In view of the library survey now in progress, it is particularly important at the present time that all persons desiring local library service not already available, should take this means of informing the Public Library

Commission and its Survey Council of their book needs, so that these may be recognized in the drafting of future policies. While the Provincial traveling library service is intended primarily for the benefit of the people in sparsely organized and sparsely populated districts, the Commission has found it necessary to extend such service even to those more populous districts where Public Library Associations are maintained. As reported in Bulletin No. 2, eighteen such associations last year borrowed from the Commission a total of 5,283 volumes.

The normal field of traveling libraries of the type operated in this province is, however, on the fringe of settlement. Consequently, the Board of Directors, upon the Survey Council and all other friends of library extension the desirability of studying such means of co-operation, particularly the use of water communication, an effort should be made to work out a system of inter-library exchange that will be at once effective and economical.

SHOULD BE DEVELOPED

The traveling library of the existing type is an invaluable means of library extension and deserves still further development in British Columbia, but at best it is a more or less temporary device. Its aim is to supply at least the irreducible minimum of book supply until such time as local initiative, capacity and interest are equal to the burden of maintaining a library service more adequate for the people's needs. There will always be a place for Provincial aid and supervision. In time, however, it would appear that the burden should pass largely from central to local authorities. When that time arrives, the traveling library department will probably operate chiefly through local or province-wide library organizations controlled by the people themselves, unless in the most remote or isolated frontier settlements.

CALIFORNIA SYSTEM

California, famous for the efficiency and popularity of its library system, provides striking examples of this process of transferring from the State to its local divisions the responsibility for library extension. The country libraries have now extended their service into almost every quarter of that vast state and the book resources of the state library are being used to supplement the county libraries and to meet unusual and special needs. In British Columbia the absence of a county organization need not preclude the use of the state library for the purpose of renewing a supply of books adequate to the needs of the local population almost irrespective of place or residence.

Apart from its traveling libraries proper, the Commission conducts an important service by mail. This department of its activities, however, deserves and has been given a bulletin to itself.

If the reader is not already on the mailing list of the British Columbia Library Survey, he is invited to send his name to Dr. Norman F. Black, Chairman, Public Library Commission, Room 414, Dominion Bank Building, Vancouver.

Durant of Canada To Pay Dividend

Toronto, Jan. 19.—The directors of Durant Motors of Canada Limited have declared a dividend. This announcement was made to-day by Roy D. Kerby, general manager, at the annual directors' convention, and follows the most successful year in the history of the company. "Our company has had a very satisfactory year," Mr. Kerby stated, "with the result that this, the first dividend to be declared, has been decided upon. It is an indication of the substantial progress that has been made during the past twelve months and of our confidence in the company's future."

"Our entire new series of four and six-cylinder automobiles is a revolution in motor car values and our dealers from coast to coast will have them on display in their showrooms just as rapidly as production will permit."

Girl Guides' Association.—A special meeting of the Girl Guide Association will be held to-morrow morning at 11:30 in the Hamley Building, to deal with important business.

ANTICIPATE JUMP IN TOURIST INFUX

Objective of 175,000 For
Pacific Northwest This
Summer

A tourist influx to the Pacific Northwest of 175,000 is the objective of the Puget Sounders and British Columbian Associated through the six cities advertising campaign, George I. Warren, Victoria and Island Publicity Commissioner, reports.

At the annual meeting in Seattle the directors heard excellent reports on the success of last year's campaign, proving that the migration of Californians to this section during the Summer is a direct reflex of newspaper advertising. The number of California visitors to Puget Sound rose from 14,000 in 1922 to 42,000 in 1927, while the number of visitors to the Puget National Park grew from 4,700 in 1922 to 15,000 last year. During the Summer months more steamer and train service is now available than when the campaign was started with a press on people of the Southwest the fact that here is their logical Summer playground.

Figures given at the annual meeting Saturday fixed the number of Summer visitors in 1927 from California, Nevada, Arizona, New Mexico and Western Texas, where the advertising campaign was carried on, as 145,000 people.

Travelers from those states can come earlier and also after the regular tourist travel from the East, which is largely confined to the period between June 1 and September 30.

SEATTLE PAYS \$15,750

The Puget Sounders' organization is unique. It was formed on the belief that the six cities participating could get better results from the advertising funds spent by their respective chambers of commerce if their efforts were consolidated and funds made available for a dominating campaign. The funds are assessed on the basis of population.

In his report to the directors Fred Cross of Vancouver, the president, pointed out that the cities had demonstrated the community of interest and that in addition to bringing tens of thousands more tourists here annually the campaign had been a factor in the harmonious relations existing between the cities bordering on the great inland sea of Puget Sound and British Columbia.

TERRIFYING EXPERIENCE

Quebec, Jan. 19.—To fall into a manhole engaged in dumping snow and to be carried through the city's sewage system from Upper Town to Lower Town, a distance of about one mile, and later to be swept into and rescued from the St. Charles River, was the experience of J. Boineau, a corporation employee here yesterday.

"I'm writing a sequel to my book, 'How to Live on Five Hundred a Year,'" said a young author. "What do you call the sequel?" asked his friend. "How to Get the Five Hundred!"

YOUR SHOE PROBLEM SOLVED

A saving of a few dollars on your Men's Shoes; a few dollars on your Women's Shoes; a few more on the Youngsters' and the total foots up a neat little sum. That's what this

SALE OFFERS!

A saving running from two or three to as high as five or six dollars a pair on Men's and Women's Shoes, with a store-wide choice—nothing reserved.
